Adapting Stephen King Joseph Maddrey, 2022-12-20 Stephen King's fiction has formed the basis of more motion picture adaptations than any other living author. His earliest short stories collected in the *Night Shift* anthology have been adapted into hit features including *Creepshow*, *Children of the Corn*, *Cat's Eye*, *Maximum Overdrive*, *Graveyard Shift*, *Sometimes They Come Back*, and *The Mangler*. Through his *Dollar Baby* program, King licensed several *Night Shift* stories to aspiring filmmakers for just one dollar each, resulting in numerous student film adaptations. This book critically examines and contextualizes adaptations of the *Night Shift* short stories from big box office features to relatively unknown student films. It illuminates how each film is a uniquely and intricately collaborative endeavor and charts the development of each adaptation from first option to final cut. Through old and new interviews with the creators, the work explores how filmmakers continue to reinvent, reimagine, remake, and reboot King's stories.
