The Silentiary Antonio Di Benedetto, 2022-02-01 In post WWII South America a struggling writer embarks on a murderous thought experiment to help kickstart his career in this next tale of longing from the author of Zama The Silentiary takes place in a nameless Latin American city during the early 1950s A young man employed in middle management entertains an ambition to write a book of some sort But first he must establish the necessary precondition which the crowded and noisily industrialized city always denies him however often he and his mother and wife move in search of it He thinks of embarking on his writing career with something simple a detective novel and ponders the possibility of choosing a victim among the people he knows and planning a crime as if he himself were the killer That way he hopes his book might finally begin to take shape The Silentiary along with Zama and The Suicides is one of the three thematically linked novels by Di Benedetto that have come to be known as the Trilogy of Expectation after the dedication To the victims of expectation in Zama Together they constitute in Juan Jos Saer's words one of the culminating moments of twentieth century narrative fiction in Spanish

Heft on Wheels Mike Magnuson, 2004-06-15 A few years ago the closest Mike Magnuson thought he would get to participating in a sporting event was sitting in the local bar slamming pitchers of beer and watching the NFL playoffs on TV He was thirty eight years old smoked a pack a day drank a case or two of beer a week and carried 250 pounds of weight on his five foot ten inch frame

Getting on a bicycle for a peddle around the block could have been dangerous in his condition let alone trying to keep up with a group of racer fit riders for forty five miles at a clip but that is just what Mike decided to do He was sick of it all the booze the cigarettes and the heft He could have been seriously hurt But he wasn t In Mike s words he was merely handed his proverbial fat ass on a platter three times a week and kept coming back for more Heft on Wheels charts in hilarious detail every curve in Mike Magnuson s 180 degree journey from the big guy at the back of the pack to the lean mean racing machine setting the pace for the group Along the way we meet his friends colleagues and family and learn how even a healthy obsession can have its uphill climbs For a start there s the starvation diet and the nicotine patches not to mention the skin tight XXL cycling outfit and the insanely unrealistic goal of completing the Bridge to Bridge Incredible Cycling Challenge proudly billed as 100 Miles of Pure Hill within the year Yet through it all Mike never loses his sense of humor though after having a quick conversation with God on one particularly grueling hill he does believe he has come within spitting distance of losing his mind Filled with triumph heartbreak and hilarity Heft on Wheels is an unforgettable book about getting from one place to another in more ways than one

Soviet Consumer Culture in the Brezhnev Era Natalya Chernyshova,2013-06-26 After decades of turmoil and trauma the Brezhnev era brought stability and an unprecedented rise in living standards to the Soviet Union enabling ordinary people to enjoy modern consumer goods on an entirely new scale This book analyses the politics and economics of the state s efforts to improve living standards and shows how mass consumption was often used as an instrument of legitimacy ideology and modernization However the resulting consumer revolution brought its own problems for the socialist regime Rising well being and the resulting ethos of consumption altered citizens relationship with the state and had profound consequences for the communist project The book uses a wealth of sources to explore the challenge that consumer modernity was posing to Soviet mature socialism between the mid 1960s and the early 1980s It combines analysis of economic policy and public debates on consumerism with the stories of ordinary people and their attitudes to fashion Western goods and the home The book contests the notion that Soviet consumers were merely passive abused eternally queuing victims and that the Brezhnev era was a period of stagnation arguing instead that personal consumption provided the incentive and the space for individuals to connect and interact with society and the regime even before perestroika This book offers a lively account of Soviet society and everyday life during a period which is rapidly becoming a new frontier of historical research
