Jenlink, 2014-04-09 Teacher identity is shaped by recognition or its absence often by misrecognition of others Recognition as a teacher or the strong and complex identification with one's professional culture and community is necessary for a positive sense of self Increasingly teachers are entering educational settings where difference connotes not equal better worse or having more less power over resources Differences between discourses of identity are braided at many points with a

Enchanted Hunters Maria Tatar,2012-10-22 Highly illuminating for parents vital for students and book lovers alike Enchanted Hunters transforms our understanding of why children should read Ever wondered why little children love listening to stories why older ones get lost in certain books In this enthralling work Maria Tatar challenges many of our assumptions about childhood reading Much as our culture pays lip service to the importance of literature we rarely examine the creative and cognitive benefits of reading from infancy through adolescence By exploring how beauty and horror operated in C S Lewis s Chronicles of Narnia Philip Pullman s His Dark Materials J K Rowling s Harry Potter novels and many other narratives Tatar provides a delightful work for parents teachers and general readers not just examining how and what children read but also showing through vivid examples how literature transports and transforms children with its intoxicating captivating and occasionally terrifying energy In the tradition of Bruno Bettelheim s landmark The Uses of Enchantment Tatar s book is not only a compelling journey into the world of childhood but a trip back for adult readers as well Gifford's English and Irish Lawyer [Sixteenth edition], etc Esq. John GIFFORD (pseud. [i.e. Alexander Whellier.]),1829 *Discourses of Anxiety over Childhood and Youth across Cultures* Liza Tsaliki,Despina Chronaki,2020-07-15 This book revolves around neoliberal notions governing children and youth a trend that permeates and dominates contemporary perceptions of the young In fact given how the disciplinary power of neoliberalism swiftly becomes a common conceptual currency across national and cultural borders discussing the way in which neoliberal self governance permeates the cultures of childhood and youth is even more pertinent This is followed by research on media discourses of children and their cultural practices in Norway Germany Austria and Switzerland Serbia Greece and the US **American Youth Cultures** Neil Campbell,2004 Ten essays by British US and Canadian academics explore popular books films and television shows for clues to the meanings of youth representation in American culture Drawing on a framework of ideas from cultural and social theory they consider themes such as race class gender power and sexuality as well as the ideological nature of youth and its centrality to American popular culture Originally published in 2000 as The Radiant Hour Versions of Youth in American Culture U of Exeter Press Annotation 2004 Book News Inc Portland OR booknews com **Critical Perspectives on Harry Potter**

Giroux, Susan Searls Giroux, 2004-06-24 Higher education is under siege No longer viewed as a public good it is attacked by businesses who want to refashion institutions in the image of the marketplace Higher education is the target of cultural conservatives who have undermined academic freedom and access by deriding the academy as a hotbed of left multicultural radicalism and anti Americanism The historic mission to educate students as citizens motivated by democratic values is overshadowed by profit margins Giroux and Giroux argue that the greatest danger faced by higher education comes from corporatization and educational apartheid If higher education is to meet the challenges of a democratic future it must encourage students to be critical thinkers and citizens as it vouchsafes conditions for educators to produce scholarship in the service of an inclusive democracy **Intl Comp Ency Child Lit E2 V1** Peter Hunt, 2018-12-12 Children s literature continues to be one of the most rapidly expanding and exciting of interdisciplinary academic studies of interest to anyone concerned with literature education internationalism childhood or culture in general This edition has been expanded and includes over 50 new articles New topics include Postcolonialism Comparative Studies Ancient Texts Contemporary Children s Rhymes and Folklore Contemporary Comics War Horror Series Fiction Film Creative Writing and Crossover literature The international section has been expanded to reflect world events
