Twentieth-century American Success Rhetoric John D.

Ramage,2005 Self help authors like Tom Peters and Stephen Covey who have dominated best seller lists over the last two decades have exercised increasing influence on political governmental and educational organizations By contrast the topic of American success books texts that promise to help readers succeed by retrofitting their identity to meet workplace demands has been ignored by scholars since the 1980s John Ramage challenges the neglect of this hugely popular literature and revives a once lively conversation among eminent critics about the social phenomenon represented in the work of Bruce Barton Dale Carnegie and Norman Vincent Peale among others Using literary texts from Don Quixote to Catch 22 to gloss the discussion Ramage utilizes Kenneth Burke s rhetorical theory to understand symbolic acts and social issues and brings together earlier commentaries within a new critical framework He considers the problematic and paradoxical nature of success and examines its meaning in terms of its traditional dialectic partner happiness A synopsis of seventeenth to nineteenth century forerunners prefaces this analysis in which Ramage links literary code heroes with the activities of twentieth century business leaders to determine whether in the search for authenticity the heroic individual or the corporation is ultimately served This comprehensive study chronicles the legitimation of the success book genre enumerates rhetorical strategies used to win over readers and supplies the historical context that renders each book s message timely After considering some of the dangers of crossing disciplinary borders as exemplified by Deborah Tannen s work Ramage critiques Stanley Fish s theoretical strictures against this practice finally summoning academic critics to action with a strong call to exert greater influence within the popular marketplace The Straight Path to Success Nour-eddine

Learning from Our Buildings National Research Council, Board on Infrastructure and the Constructed Environment, Federal Facilities Council, 2002-03-01 In 1986 the FFC requested that the NRC appoint a committee to examine the field and propose ways by which the POE process could be improved to better serve public and private sector organizations The resulting report Post Occupancy Evaluation Practices in the Building Process Opportunities for Improvement proposed a broader view of POEs from being simply the end phase of a building project to being an integral part of the entire building process The authoring committee recommended a series of actions related to policy procedures and innovative technologies and techniques to achieve that broader view In 2000 the FFC funded a second study to look at the state of the practice of POEs and lessons learned programs among federal agencies and in private public and academic organizations both here and abroad The sponsor agencies specifically wanted to determine whether and how information gathered during POE processes could be used to help inform decisions made in the programming budgeting design construction and operation phases of facility acquisition in a useful and timely way To complete this study the FFC commissioned a set of papers by recognized experts in this field conducted a survey of selected federal agencies with POE programs and held a forum at the National Academy of Sciences on March 13 2001 to address these issues This report is the result of those efforts

Figures in the Carpet Wilfred M. McClay, 2007-01-02 *Figures in the Carpet* presents a stellar roster of first rate historians dealing seriously with a perennially important subject The case studies and more theoretical accounts in this book amount to an unusually perceptive assessment of how the person has been viewed in American history

Books Out Loud, 2007 Harvard Business School Bulletin, 1998 *Fictions of Business* Robert A. Brawer, 2000-02-14 Find out what Joseph Conrad Arthur Miller Geoffrey Chaucer and Mark Twain can tell you about being a more effective manager Looking for business insights Forget the Wall Street Journal You can learn a lesson or two from Arthur Miller and David Mamet Put down Forbes and Fortune for once and spend an evening with Chaucer and George Bernard Shaw Not only will you enjoy yourself you re also likely to discover some fresh management perspectives and ideas Written by a former CEO of a global corporation who has also been an English literature professor this provocative new business book proves that great novels and plays are a rich untapped resource for businesspeople looking for solutions to problems they confront on the job Robert A Brawer digs deeply into fictions by literary legends such as Mark Twain Joseph Conrad Theodore Dreiser Sinclair Lewis and Joseph Heller to unearth vital lessons that managers can readily apply to the real world of work From tips on resolving office conflicts in James Thurber s *The Catbird Seat* to pointers on gaining client confidence found in Chaucer s *Canterbury Tales* Brawer finds nuggets of business wisdom in places where most businesspeople never think of looking Focusing mainly on fiction that explores business themes Brawer uses Heller s

Something Happened and Shaw's Major Barbara to illustrate the dangers of allowing excessive faith in corporate hype to impair a manager's ability to accurately assess serious problems. From Mamet's Glengarry Glen Ross and Dreiser's Sister Carrie he infers important lessons about the art of salesmanship. He explores the problems of alienation and maintaining personal integrity in a corporate world through a close reading of Arthur Miller's Death of a Salesman and Sloan Wilson's The Man in the Grey Flannel Suit. And out of his analysis of Upton Sinclair's The Jungle and John Dos Passos's The Big Money among other major nineteenth and twentieth century works Brawer develops an inspiring discourse on self interest and efficiency versus ethical responsibility and compassion in a Darwinian business world. As instructive as it is entertaining Fictions of Business shows you how to take advantage of great novels and plays in solving the human problems of management. Praise for Fictions of Business: What a fabulous concept: the bringing together of great literature and management theory. This is a business book that challenges the intellect and goes about unveiling the basic principles of management in a way that forces you to think about what you know in a completely different way. It's a business book that stays with you long after you've read it. Shelly Lazarus, Chairman and CEO, Ogilvy Mather. A truly refreshing contribution to the multitude of books on corporate management. Brawer has cleverly crafted a set of essays that are both inspirational and practical. Robert A. Kavesh, Professor of Finance and Economics, Leonard N. Stern School of Business, New York University. Robert Brawer is both a successful entrepreneur and a distinguished literary scholar, and his book Fictions of Business is wise about both trade and fiction. Brawer writes with ironic wit and sharp observation about the culture of the corporation and the workplace. Martin Peretz, Editor in Chief, The New Republic and Professor of Social Studies, Harvard University. Brawer's message is clear and true: good literature enriches business leaders, making them more productive in their careers. Richard D. Franke, former Chairman and CEO, John Nuveen Company. Although commerce and literary analysis might seem worlds apart, Robert Brawer's book brilliantly weaves together fictional characters with larger than life figures from the corporate world. In Brawer's compelling narrative, literature offers striking models for good corporate practice. Philip Gossett, Dean of Humanities, University of Chicago.

When Texas Prison Scams Religion Michael G. Maness, 2023-05-22. When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice, especially in the abuse of religion. In many ways, this book is a literature review of 1,800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners. The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor, TDCJ Director, and wardens throughout the prison. Therein, TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors. Why is the director sponsoring psychopaths counseling psychopaths? In fact, TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given, and worse, for UTMB generates no reports itself. The underbelly of TDCJ's executive culture of cover up is exposed. TDCJ has hired the lowest qualified of the applicant pool many

times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars
