Craft Moves Stacey Shubitz, 2023-10-10 How do you choose mentor texts for your students How do you mine them for the craft lessons you want your students to learn In Craft Moves Lesson Sets for Teaching Writing with Mentor Texts Stacey Shubitz co founder of the Two Writing Teachers website uses twenty recently published picture books to create more than 180 lessons to teach various craft moves that will help your students become better writers Each of the 184 lessons in the book includes a publisher's summary a rationale or explanation of the craft move demonstrated in the book and a procedure that takes teachers and students back into the mentor text to deepen their understanding of the selected craft move A step by step guide demonstrates how to analyze a picture book for multiple craft moves Shubitz introduces picture books as teaching tools and offers ways to integrate them into your curriculum and classroom discussions She then shares different routines and classroom procedures designed to help students focus on their writing during the writer's workshop as well as focusing how teachers can prepare for small group instruction Using picture books as mentor texts will help your students not only read as writers and write with joy but also become writers who can effectively communicate meaning structure their writing write with detail and give their writing their own unique voice

Human-Computer Interaction - INTERACT 2009 Tom Gross, Jan Gulliksen, Paula Kotzé, Lars Oestreicher, Philippe Palanque, Raquel Oliveira Prates, Marco Winckler, 2009-08-06 INTERACT 2009 was the 12th of a series of INTERACT international conferences supported by the IFIP

Technical Committee 13 on Human Computer Interaction This year INTERACT was held in Uppsala Sweden organized by the Swedish Interdisciplinary Interest Group for Human Computer Interaction STIMDI in cooperation with the Department of Information Technology at Uppsala University Like its predecessors INTERACT 2009 highlighted both to the academic and to the industrial world the importance of the human computer interaction HCI area and its most recent breakthroughs on current applications Both experienced HCI researchers and professionals as well as newcomers to the HCI field interested in designing or evaluating interactive software developing new interaction technologies or investigating overarching theories of HCI found in INTERACT 2009 a great forum for communication with people of similar interests to encourage collaboration and to learn INTERACT 2009 had Research and Practice as its special theme The reason we selected this theme is that the research within the field has drifted away from the practical applicability of its results and that the HCI practice has come to disregard the knowledge and development within the academic community

Fostering Values Education and Engaging Academic Freedom amidst Emerging Issues Related to COVID-19, 2023-11-20 This volume contributes to the advancement of comparative education in the world more specifically in expanding understandings of the discourse of comparative education vis vis educational transformation Throughout the text three critical elements that reflect comparative education as an open inconclusive discourse come up 1 There is sufficient pedagogical space for dissonance It is always possible to compare one's own authenticity with the epistemological position others hold dear and argue for 2 The contributions in this book should not be read as absolute pieces of writing as that would undermine the flexible nature of education It is important to point out that the opinions of the authors are temporary moments of attachment to persuasive claims However these claims are not cast in stone as new views continue to emerge from epistemological re positioning 3 Our own reading of the book corroborates our interest in comparative education as a continuous discourse in the making The contributions of scholars at the third symposium organized by WCCES provided a platform for them to pursue their knowledge interests In addition these interests have and will or ought never to be homogenous for that would be incommensurate with a defensible practice of comparative education
