Pursuing Practical Change Heather Dean, Amber E. Wagnon, 2024-02-27 Today's educators are aware of the need for social emotional learning in their classroom and can share the tenets of a culturally responsive pedagogy. However, what they lack is the practical strategies for implementation of these pivotal classroom practices. Pursuing Practical Change Lesson Designs That Promote Culturally Responsive Teaching is an answer to this need. This book goes beyond just providing theory and data but delves into the actual practices needed to be successful in today's classroom. Within the chapters of this book, both novice and veteran teachers will find support through the lesson plans of practitioners, their reflections, and various strategies for classroom instruction. **Handbook for Educating Students with Disabilities** Jeffrey P.

Bakken, 2025-09-16 This Handbook focuses on the implications and strategies for educating students with disabilities. In the first section, the Handbook delves into students with learning disabilities, autism, and emotional behavioral disorders. The second section deals with students that have intellectual disabilities or extensive support needs. The third section concentrates on students with sensory disabilities. The fourth section addresses disabled youth and ways of knowing how to inform strategies in special education. The fifth and final section explores how teachers, parents, and related personnel impact special education and services for these students. Extensive in its coverage of different disability areas, the content is both informative and innovative, offering invaluable insights. The Handbook draws from a mix of national and international perspectives, making it an indispensable guide for anyone engaged in the critical area of special education.
