Drago had kept unspoken for 50 years On the spur of the moment Biggio asked Drago to sign the rifle Thus began this Marine s mission to find as many WWII veterans as he could get their signatures on the rifle and document their stories For two years Biggio traveled across the country to interview America s last living WWII veterans Each time he put the M1 Garand Rifle in their hands their eyes lit up with memories triggered by holding the weapon that had been with them every step of the war With each visit and every story told to Biggio the veterans signed their names to the rifle 96 signatures now cover that rifle each a reminder of the price of war and the courage of our soldiers

Thinking Critically About the Kennedy Assassination Michel Jacques Gagné,2022-03-27 Thinking Critically About the Kennedy Assassination uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK s shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book s opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy s life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK s murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking
