Practical Guide to the Evaluation of Clinical Competence E-Book Eric S. Holmboe, Steven James Durning, 2023-11-24. Offering a multifaceted practical approach to the complex topic of clinical assessment. Practical Guide to the Assessment of Clinical Competence 3rd Edition is designed to help medical educators employ better assessment methods, tools and models directly into their training programs. World renowned editors and expert contributing authors provide hands on authoritative guidance on outcomes based assessment in clinical education presenting a well organized diverse combination of methods you can implement right away. This thoroughly revised edition is a valuable resource for developing, implementing and sustaining effective systems for assessing clinical competence in medical school residency and fellowship programs. Helps medical educators and administrators answer complex ongoing and critical questions in today's changing medical education system. Is this undergraduate or postgraduate medical student prepared and able to move to the next level of training? To be a competent and trusted physician. Provides practical suggestions and assessment approaches that can be implemented immediately in your training program. Tools that can be used to assess and measure clinical performance, overviews of key educational theories and strengths and weaknesses of every method. Covers assessment techniques, frameworks, high quality assessment of clinical reasoning and procedural competence, psychometrics and practical approaches to feedback. Includes expanded coverage of fast moving areas where concepts now have solid research and data that support practical ways to connect judgments of ability to outcomes including work based assessments, clinical competency committees, milestones and entrustable professional assessments, EPAs and direct observation. Offers examples of assessment instruments along with suggestions on how you can apply these methods and instruments in your own setting as well as guidelines that apply across the medical education spectrum. Includes online access to videos of medical interviewing scenarios and more downloadable assessment tools and detailed faculty guidelines. An eBook version is included with purchase. The eBook allows you to access all of the text, figures and references with the ability to search, make notes and highlights and have content read aloud.
