Yoga Of Ghost Hunting:

The Yoga of Ghost Hunting Richard Salva, 2014-04-07 In *The Yoga of Ghost Hunting* discover a new perspective on ghost hunting Touring haunted houses is an exciting pastime but there is so much more to it than that When dealing with the afterlife and metaphysical realities it helps to have the insights of those who have explored those worlds and returned to enlighten us Yoga to the rescue Yoga is much more than physical postures It is an ancient spiritual science that offers answers to many questions related to the supernatural Learn what the yogis have revealed tips and techniques that can help you with your paranormal investigations Let yogi author Richard Salva enlighten you about the hidden yogic secrets that every ghost hunter should know Discover how to Protect yourself psychically Banish spirits Overcome fears of ghosts Connect with helpful spirits Achieve mental clarity and much more From the author's introduction As a daily practitioner for more than thirty years of meditation and the deeper teachings of yoga I have found it curious that even though I have not sought them out I have crossed paths with ghosts and other astral forces In fact when I was asked to lecture on my book *The Reincarnation of Abraham Lincoln* at a paranormal conference a few years ago I realized that I had a lot to say on the subjects of ghosts and ghost hunting It also became clear as I spoke that most of what I was saying was new to my listeners I was presenting a view of ghost hunting that veteran ghost hunters had never heard before In addition I was aware of techniques and concepts that could help ghost hunters achieve greater success in their efforts and avoid some of the pitfalls of their pastime Here then is the essence of what I have shared at ghost hunting conferences along with additional helpful tips and techniques all based on ancient yogic teachings Once we know more about what ghosts are and the world in which they live we can gain a better understanding of what we may experience on a ghost hunt *Gurus of Modern Yoga* Mark Singleton, Ellen Goldberg, 2014 *Gurus of Modern Yoga* explores the contributions that individual gurus have made to the formation of the practices and discourses of yoga in today's world **Demystifying Patanjali: The Yoga Sutras**

Paramhansa Yogananda, 2013-06-03 What happens as we grow spiritually Is there a step by step process that everyone goes through all spiritual seekers including those of any or no religious persuasion as they gradually work their way upward until they achieve the highest state of Self realization About 2200 years ago a great spiritual master of India named Patanjali described this process and presented humanity with a clear cut step by step outline of how all truth seekers and saints achieve divine union He called this universal inner experience and process yoga or union His collection of profound aphorisms a true world scripture has been dubbed Patanjali's Yoga Sutras Unfortunately since that time many scholarly translators with little or no spiritual realization have written commentaries on Patanjali's writings that have succeeded only in burying his pithy insights in convoluted phrases like becomes assimilated with transformations and the object alone shines without deliberation How can any reader understand Patanjali's original meaning when he or she has to wade through such bewildering terminology Thankfully a great modern yoga master Paramhansa Yogananda author of the classic *Autobiography*

of a Yogi has cut through the scholarly debris and resurrected Patanjali's original teachings and revelations. Now in *Demystifying Patanjali*, Swami Kriyananda, a direct disciple of Yogananda, shares his guru's crystal clear and easy to grasp explanations of Patanjali's aphorisms. As Kriyananda writes in his introduction, "My Guru personally shared with me some of his most important insights into these sutras. During the three and a half years I lived with him, he also went with me at great length into the basic teachings of yoga. I was able, moreover, to ask my Guru personally about many of the subjects covered by Patanjali. His explanations have lingered with me and have been a priceless help in the writing of this book."

Ghost Hunting For The Beginner Ken Russell, 2014-11-12 The idea of ghosts existing is hard for most people to believe, but there is an accumulation of evidence that appears to prove otherwise. Until one is actually involved in investigating the subject, an opinion cannot truly be formed one way or the other. The author, who has spent years of studying and investigating the paranormal, has written this book to help those who want to prove that there are ghosts in existence or even to prove that they do not exist. With years of expertise in the subject, he keeps an open mind when confronted with any potentially paranormal phenomena and checks everything very carefully before coming to a conclusion. With the help of this book, the paranormal investigator will be able to take steps to discover if there is a ghost haunting a location, who they were in life, and why they're haunting that location now, and perhaps provide sufficient evidence to prove the ghost's existence or that any phenomena experienced have a natural explanation.

Trinkets, Treasures, and Other Bloody Magic (Dowser 2) Meghan Ciana Doidge, 2022-04-15 Three months ago I lost my foster sister Sienna to the darkness. As in blood magic and chaos and general mayhem. No one saw it until it was too late, but I should have. Now I have a wounded heart and soul that I can't even reveal to anyone around me because I'm supposed to hate Sienna with the fiery passion of the justified. And I do. I just wish I didn't feel so lost without her, so unsure of the path I thought I had carved for myself and so outclassed by the powerful Adepts constantly by my side these days. I'm not even sure if they're with
