**Entrepreneurialism and Tourism in Contemporary Vietnam** Jamie Gillen, 2016-03-16

Entrepreneurialism and Tourism in Contemporary Vietnam examines the intersection of entrepreneurialism and the tourism industry in modern day Vietnam and uses case studies from tourism operators in Ho Chi Minh City to understand the effects of market reforms on Vietnam's society. The primary argument undertaken in this study is that in order to understand changes to the Vietnamese economy one must take an approach that combines the cultural with the economic. The tourism case studies presented here collectively demonstrate that there is no easy analytic distinction between the cultural and economic dimensions of the Vietnamese tourism industry. The empirical material is primarily drawn from interviews with private tour operators and participant observation on tours. This book also examines the collaboration between the private sector and the Vietnamese government in the tourism industry. These coordinative entrepreneurial relationships between two unlikely bedfellows are shaped by the interpersonal exchanges that produce the tourism cultural economy. Lastly, there are links between entrepreneurialism, tourism, and other case studies in urban Southeast Asia illustrated in the conclusion.

**DEROS Vietnam** Doug Bradley, 2012-09-07. *DEROS Vietnam: Dispatches from the Air Conditioned Jungle* presents a unique fictional montage of the war and postwar experiences of Vietnam support troops. Structurally based on Ernest Hemingway's *In Our Time*, *DEROS Vietnam* the acronym stands for Date Eligible for Return from Overseas is a riveting collection of 16 short stories and 16 interlinears about the GIs who battled boredom, racial tensions, the military brass, drugs, alcohol, and occasionally the enemy. From cooks and correspondents to clerks and comptrollers, *DEROS Vietnam* distills the essence of life for soldiers in the rear during the war and later back home in a divided America. Vietnam veteran Doug Bradley, a former Army journalist who served in the air conditioned jungle at U.S. Army Headquarters near Saigon in 1970-71, tells these compelling stories with wit, intensity, and empathy. In doing so, he provides a gateway to a Vietnam experience that has been largely ignored and whose reverberations still echo across America. *Belfast, A Novel of the Troubles* Douglas Clark, 2004-08. The Republic of Ireland came into being in 1921 at the end of a bloody insurrection against the British. However, the treaty left the northern six counties under British sovereignty. Since that time, the Protestant majority has dominated the poorer Catholic populace with support from the British Army. In 1972, British troops fired on demonstrators, launching more than twenty-five years of sectarian violence and terror from both sides. Mason Devereux, an American freelance photojournalist, is drawn into doing a project on the violence while visiting Northern Ireland. Devereux makes contact with the Irish Republican Army. The IRA is interested in publicity showing Protestant paramilitaries violence against Catholics. A deal is struck and Devereux is given access to extraordinary photo opportunities. Devereux accepts the IRA's assistance but finds his own way to get incriminating photographs of the IRA's own violence. On the verge of a negotiated end of the violence with the British government, a renegade faction of the Irish Republican Army, led by seventies legendary gunman Michael Flynn, derails that movement toward peace. Flynn and Devereux cross paths in a sequence of violent events that continues the tragedy of Northern Ireland's Troubles. *500+ All-American Family Adventures* Debbie K.
