Youth And Revolution In The Changing Middle East 1908 2014

Arthur Goldschmidt, Jr.

Youth And Revolution In The Changing Middle East 1908 2014:

Youth and Revolution in the Changing Middle East, 1908-2014 Hagai Erlich, 2015 Though there is much discussion of the role of youth in recent upheavals in the Middle East there are few serious analyses of just what that role has been Haggai Erlich sheds important light on this topic focusing on the activism of educated young people in creating revolutionary change and the part played by higher education in shaping new generations of youth Moving from the nineteenth century to the present Erlich considers why and how these successive generations ignited protest movements undermined existing systems and sometimes paved the way for a new order that ultimately excluded them The result is both an intriguing look at recent history and a contribution to our understanding of the Middle East today **Winning Lebanon** Dylan

Baun, 2020-10-22 A cultural and political history of youth culture and youth centric organizations in Lebanon from 1920 1958

The Oxford Handbook of the History of Youth Culture James Alan Marten, 2023 The Oxford Handbook of the History of Youth Culture features broadly contextualized historical case studies of youth cultures from around the world and over the past several centuries Chapters focus on a wide range of issues and themes including youth agency gender self expression and the tension between community control and youthful independence *The Handbook of Media and Culture in the Middle East* Joe F. Khalil, Gholam Khiabany, Tourya Ghaaybess, Bilge Yesil, 2023-06-27 The Handbook of Media and Culture in the Middle East The Handbook of Media and Culture in the Middle East is an invaluable resource for anyone seeking to understand the profound and complex changes shaping the 21st century With trans regional contributions from established and emerging scholars this ground breaking volume offers conceptual essays and in depth chapters that present rich analyses grounded in historical and geopolitical contexts as well as key theory and empirical research Rather than viewing the Middle East as a monolithic culture this Handbook examines the diverse and multi local characteristics of the region s knowledge production dynamic media and rich cultures It addresses a wide range of topics including the evolving mainstream and alternative media competing histories in the region and pressing socio economic and media debates Additionally the Handbook explores the impact of regional and international politics on Middle Eastern cultures and media Designed to serve as a foundation for the next era of research in the field The Handbook of Media and Culture in the Middle East is essential reading for all academics scholars and media practitioners Its comprehensive scope makes it an excellent primary or supplementary textbook for undergraduate or graduate courses in global studies media and communication journalism anthropology sociology economics political science and history *Bildungsroman and the Arab Novel* Maria Elena Paniconi, 2022-09-30 Through a close reading of a corpus of novels featuring young protagonists in their path toward adulthood the book shows how Bildungsroman impacted the formation of the Egyptian narrative On a larger scale the book helps the reader to understand the key role played by the coming of age novel in the definition and perception of modern Arab subjectivity Exploring the role of Bildungsroman in shaping the canonical Egyptian novel the book discusses the case of

Zaynab by Muhammad Husayn Haykal 1913 as an example of early Arab Bildungsroman. It focuses on Latifa Zayyat's masterpiece *The Open Door* and the novels of the 90s Generation offering a gender based analysis of the Egyptian Bildungsroman. It provides insightful readings about the function of the novel in women's renegotiation of social boundaries. The study shows how the stories of youth present universal themes such as the thwarted quest for love, the struggle for personal fulfilment, the desire to achieve a cultural modernity often felt as other than self. The book is a journey in the Twentieth Century Egyptian Novel seen through the lens of the transnational form of Bildungsroman. It is a key resource to students and academics interested in Arabic literature, comparative literature and cultural studies.

The Societies of the Middle East and North Africa Sean Yom, 2021-07-21. The second edition of this well regarded volume explores the societies of the Middle East and North Africa. Presenting original studies written by the world's leading MENA scholars, it sheds light upon the organizing structures, human vulnerabilities and dynamic forces that propel social change among the peoples of the Arab world as well as Israel, Turkey and Iran. The volume can be used in conjunction with *The Government and Politics of the Middle East and North Africa* textbook for a comprehensive overview of the region. Carrying over from the previous edition among the rich topics covered are agriculture, urbanization, development, identity, citizenship, gender, religion, civil society, the environment and youths. This second edition adds two new chapters on refugees and public opinion as each constitutes a crucial part of the region's social and cultural context. This edition also updates existing chapters to account for the latest events and trends including the COVID 19 pandemic, popular protests and demographic growth. Written in an accessible way, the chapters are clearly structured and contain insightful analysis, memorable case studies, illustrative photographs and visualized data that illuminate the contours of social life across this diverse region. Each chapter also ends with curated questions for discussion followed by annotated bibliographies to help spark further research, to encourage seamless adoption into classrooms.

Arab liberal thought in the modern age Meir Hatina, 2020-01-15. This provides in depth analysis of Arab liberalism which although lacking public appeal and a compelling political underpinning still sustained viability over time and remained a constant part of the Arab landscape.

American Universities in the Middle East and U.S. Foreign Policy Pratik Chougule, 2022-06-08. The drive to promote American style higher education is among the most longstanding and enduring features of U.S. foreign policy in the Middle East. Since its earliest engagements in the region, the U.S. government has looked to American universities to promote Washington's interests and values. This book analyzes how American universities in the Middle East relate to U.S. foreign policy and how this relationship has evolved amid shifting U.S. priorities through two world wars, the Cold War and the War on Terrorism. *American Universities in the Middle East and U.S. Foreign Policy* focuses on four sets of case studies: 1. The American University of Beirut, 2. The American University in Cairo, 3. American universities in Afghanistan and Iraq, and 4. Education City in Qatar. At a time when policymakers are litigating core tenets of U.S. Middle East policy and new actors are entering the region's higher education space, this book provides a resource to understand the

geopolitical role of American universities in the Middle East

Religious and Intellectual Diversity in the Islamicate World and Beyond Volume I, 2024-08-19 Religious and Intellectual Diversity in the Islamicate World and Beyond is a collection of essays in honor of Sarah Stroumsa an eminent scholar who through the years has embodied and advanced the possibility of collaboration across borders The volume is presented to her by scholars working on the study of the intellectual history of the Middle Ages the intercultural contact and migration of knowledge in the Islamic world and many other topics Contributors Binyamin Abrahamov Camilla Adang Anna Ayse Akasoy Aleida Assmann Jan Assmann Meir M Bar Asher Jos Bellver Menachem Ben Sasson Haggai Ben Shammai Glen W Bowersock R mi Brague Godefroid de Callata Jonathan Decter Michael Ebstein Hussein Fancy Carlos Fraenkel Gil Gambash Robert Gleave Miriam Goldstein Frank Griffel Jaakko H meen Anttila Steven Harvey Warren Zev Harvey Meir Hatina Geoffrey Khan Gudrun Kr mer Ehud Krinis Y Tzvi Langermann Daniel J Lasker Reimund Leicht Gideon Libson Menachem Lorberbaum Maria Mavroudi Jon McGinnis Omer Michaelis Yonatan Moss David Nirenberg Sari Nusseibeh Olaf Pluta Meira Polliack James T Robinson Marina Rustow Sabine Schmidtke Gregor Schwarb Ahmed El Shamsy Mark Silk Uriel Simonsohn Daniel De Smet Josef Stern Guy G Stroumsa Sara Sviri Alexander Treiger Roy Vilozy Ronny Vollandt Elvira Wakelnig Paul E Walker David J Wasserstein Tanja Werthmann Dong Xiuyuan Arye Zoref

The Transformation of Global Higher Education, 1945-2015 Paul Tiyaambe Zeleza, 2016-09-01 This book explores some of the major forces and changes in higher education across the world between 1945 and 2015 This includes the explosions of higher education institutions and enrollments a development captured by the notion of massification There were also profound shifts in the financing and economic role of higher education reflected in the processes of privatization of universities and curricula realignments to meet the shifting demands of the economy Moreover the systems of knowledge production organization dissemination and consumption as well as the disciplinary architecture of knowledge underwent significant changes Internationalization emerged as one of the defining features of higher education which engendered new modes rationales and practices of collaboration competition comparison and commercialization External and internal pressures for accountability and higher education s value proposition intensified which fuelled struggles over access affordability relevance and outcomes that found expression in the quality assurance movement

American Higher Education in a Global Context Cristina González, 2022-02-14 American Higher Education in a Global Context Historical Perspectives describes the current state of universities on each continent providing a comprehensive analysis of the numerous factors that have affected higher education systems around the world This book studies higher education from its emergence in antiquity to the establishment of the American research university model and its adoption around the globe through the current Covid 19 pandemic and concomitant economic and political crisis The author pays special attention to the shortcomings of the neoliberal trend of the last four decades which increased social stratification at institutions of higher learning Calling for an expansion of access to tertiary education and in particular to research universities this book examines

the competition between China and the United States in the field of higher education stressing the importance of academic freedom without which there can be no true academic excellence *Lebanese Political Parties* Christian Thuselt, 2021-05-19 This book examines Lebanese political parties and their encounters with modernity Taking three mainly Christian parties as an example the book refutes the idea of Middle Eastern parties being backwards or antiquated By combining historical and anthropological perspectives it is shown that these parties stand for normativities of modernity Lebanese as well as Middle Eastern parties in general have a rather poor reputation they are considered family based ideologically meaningless tailored solely to their leadership and non modern Contrastingly this book claims that the concept of the real party corresponds to an encounter with modernity and that these parties although dysfunctional in parts are better than their reputation Most importantly Lebanese parties are taking the nation state as their central reference point as they recognise it as the legitimate form of societal organization The volume claims that important constituents of modernity such as the individual the nation secularity progress and representing the people demos serve for the parties in question as resources of utopian elements informing much of these parties identities Bringing Lebanese political parties into a global debate on modernity the book tackles the notion of parties of the Middle East being non modern It will be of interest to scholars researching political science political history and the Middle East *Modern Arabic Literature* Reuven Snir, 2017-06-02 The study of Arabic literature is blossoming This book provides a comprehensive theoretical framework to help research this highly prolific and diverse production of contemporary literary texts Based on the achievements of historical poetics in particular those of Russian formalism and its theoretical legacy this framework offers flexible transparent and unbiased tools to understand the relevant contexts within the literary system The aim is to enhance our understanding of Arabic literature throw light on areas of literary production that traditionally have been neglected and stimulate others to take up the fascinating challenge of mapping out and exploring them *Historical Dictionary of Egypt* Arthur Goldschmidt, Jr., 2023-07-25 Egypt is the world s oldest continuous country with a recorded past of over 6 000 years Often invaded conquered and occupied by foreign armies Egypt has never lost its identity The Egyptians of today although they have changed their language once and their religion twice descend mainly from the Egyptians who built the Giza Pyramids and the Temple of Karnak who served Alexander the Great and his heirs who submitted to Augustus Caesar and raised much of the grain that fed the Roman Empire who started Christian monasticism and the veneration of the Virgin Mary and who advanced and sustained Muslim learning in what is now the world s oldest functioning university It was and is one of the most important countries in the world *Historical Dictionary of Egypt* Fifth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Egypt **No Exit** Yoav Di-Capua, 2018-03-30 It is a curious and relatively little known fact that for two decades

from the end of World War II until the late 1960s existentialism's most fertile ground outside of Europe was in the Middle East and Jean Paul Sartre was the Arab intelligentsia's uncontested champion. In the Arab world neither before nor since has another Western intellectual been so widely translated, debated and celebrated. By closely following the remarkable career of Arab existentialism, Yoav Di Capua reconstructs the cosmopolitan milieu of the generation that tried to articulate a political and philosophical vision for an egalitarian postcolonial world. He tells this story by touring a fascinating selection of Arabic and Hebrew archives including unpublished diaries and interviews. Tragically, the warm and hopeful relationships forged between Arab intellectuals Sartre, Simone de Beauvoir and others ended when, on the eve of the 1967 war, Sartre failed to embrace the Palestinian cause. Today, when the prospect of global ethical engagement seems to be slipping ever farther out of reach, *No Exit* provides a timely humanistic account of the intellectual hopes, struggles and victories that shaped the Arab experience of decolonization and a delightfully wide-ranging excavation of existentialism's non-Western history.

Revolutionary Life Asef Bayat, 2021-11-16. From a leading scholar of the Middle East and North Africa comes a new way of thinking about the Arab Spring and the meaning of revolution. From the standpoint of revolutionary politics, the Arab Spring can seem like a wasted effort. In Tunisia, where the wave of protest began, as well as in Egypt and the Gulf, regime change never fully took hold. Yet if the Arab Spring failed to disrupt the structures of governments, the movement was transformative in farms, families and factories, souks and schools. Seamlessly blending field research on the ground, interviews and social theory, Asef Bayat shows how the practice of everyday life in Egypt and Tunisia was fundamentally altered by revolutionary activity. Women, young adults, the very poor and members of the underground queer community can credit the Arab Spring with steps toward equality and freedom. There is also potential for further progress as women's rights, in particular, now occupy a firm place in public discourse, preventing retrenchment and ensuring that marginalized voices remain louder than in prerevolutionary days. In addition, the Arab Spring empowered workers in Egypt; alone, more than 700,000 farmers unionized during the years of protest. Labor activism brought about material improvements for a wide range of ordinary people and fostered new cultural and political norms that the forces of reaction cannot simply wish away. In Bayat's telling, the Arab Spring emerges as a paradigmatic case of *refolution*: revolution that engenders reform rather than radical change. Both a detailed study and a moving appeal, *Revolutionary Life* identifies the social gains that were won through resistance.

Israel Yearbook on Human Rights, Volume 48 (2018) Yoram Dinstein, 2018-08-07. The Israel Yearbook on Human Rights, an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971, is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war, with particular emphasis on problems relevant to the State of Israel and the Jewish people. The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English, including summaries of judicial decisions, compilations of legislative enactments and military proclamations.

Youth in Regime Crisis Félix

Krawatzek,2018-09-20 How do political regimes respond to the challenges emanating from youth mobilization This book seeks to understand regime resilience and breakdown by analysing the public meaning of youth as well as the physical mobilization of young people Mobilization carried by young people is a key component in understanding the stabilisation of the authoritarian regime structures in contemporary Russia but the Russian experience makes only sense if placed in its broader historical context Three comparative cases the breakdown of the authoritarian Soviet Union the breakdown of the democratic Weimar Republic and the crisis of the democratic regime in France around 1968 highlight how regimes which lacked popular support have compensated for their insufficient legitimacy by trying to mobilize youth symbolically and politically This book illustrates the symbolic significance of youth and its role in regime crisis by analysing a new data set of newspaper articles with a new method of discourse analysis The combination of qualitative interpretation and quantitative network analysis enables a deeper and more systematic understanding of discursive structures about youth Through this methodological innovation the book contributes to the way we define the categories of youth generation and crisis It makes the case that our conceptualisation should reflect the way terms are being used usages that can be captured in a systematic way with new methods of discourse analysis Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Senior Research Fellow Nuffield College University of Oxford **Palestine Across Millennia** Nur

Masalha,2022-02-24 In this magisterial cultural history of the Palestinians Nur Masalha illuminates the entire history of Palestinian learning with specific reference to writing education literary production and the intellectual revolutions in the country The book introduces this long cultural heritage to demonstrate that Palestine was not just a holy land for the four monotheistic religions Islam Christianity Judaism and Samaritanism rather the country evolved to become a major international site of classical education and knowledge production in multiple languages including Sumerian Proto Canaanite Greek Syriac Arabic Hebrew and Latin The cultural saturation of the country is found then not solely in landmark mosques churches and synagogues but in scholarship historic schools colleges famous international libraries and archival centres This unique book unites these renowned institutions movements and multiple historical periods for the first time presenting them as part of a cumulative and incremental intellectual advancement rather than disconnected periods of educational excellence In doing so this multifaceted intellectual history transforms the orientations of scholarly research on Palestine and propels current historical knowledge on education and literacy in Palestine to new heights **Cities as Built and Lived**

Environments Aptin Khanbaghi,2019-07-31 These 200 abstracts in English Arabic and Turkish showcase scholarship that examines cities as built architecture and urban infrastructure and lived urban social life and culture environments
