Next Generation Ireland Ed Burke, Ronan Lyons, 2013-03-15

Foreword by Shane Ross. As Ireland looks to regroup and rebuild for the future, this is exactly the type of book the country needs with new people and new ideas. Peter Sutherland, former EU Commissioner and Director General of GATT and the WTO. Every crisis presents an opportunity and Ireland's current crisis gives us an opportunity to reshape the country to make it future proof. Next Generation Ireland contains some fascinating ideas by some of Ireland's brightest young thinkers on how to build the Ireland of the 2020s and 2030s. David McWilliams, economist and author. Ireland in the early 2010s stands at a crossroads. The ongoing change and crisis in institutions that once had our trust force us to ask: What now? Next Generation Ireland brings together ten young Irish men and women to answer this very question. All are under forty and are emerging experts in their chosen fields. They have come together because they believe that in this time of questioning, there exists a huge opportunity for the next generation to build the Ireland of the 2020s and 2030s. The book tackles the essential challenges confronting Irish politics and society: the economy, the environment and Ireland's relationship with the rest of the world. Each writer proposes transformative policies in their respective areas that will renew and sustain the Irish state in the
