Occidentalism Zhand Shakibi,2019-12-12 Zhand Shakibi presents a new interpretation of the political and social dynamics of the last decade of the Shah's rule that challenges the binary view of pro West Shah and anti West Ayatollah by drawing attention to the Pahlavi state's reaction to the intellectual and societal backlash against cultural and moral Occidentalism in its last decade Revising the dominant historiography of the Pahlavi ideological and discursive approach to the West this book draws attention to the changes in the attitude of the Shah the Empress and state intellectuals towards the position and imagery of the West in state conceptions of the authenticity of Iranian national culture and identity Drawing on a wide range of primary sources Shakibi presents the multi faceted relationship of the Pahlavi state to the West and the institutions that were created to manage this such as the Rastakhiz Party This study argues that the Pahlavi state having recognized this backlash attempted to limit the threat to its legitimacy by reformulating intellectual discourses of anti West Occidentalism and incorporating them into the ideology of the Rastakhiz Party In so doing it played a critical role in exacerbating societal sensitivities about the spread of Western influences Truth-Seeking in an Age of (Mis)Information Overload David R. Castillo,Siwei Lyu,Christina Milletti,Cynthia Stewart,2024-09-01 The unprecedented spread of false and misleading information is the flip side of the Internet's promise of universal access and information democratization This volume features original contributions from scholars working on the challenge of misinformation across a wide range of STEM humanities and art disciplines Modeling a collaborative multidisciplinary convergence approach Truth Seeking in an Age of Mis Information Overload is structured in three parts Part one Misinformation and Artificial Intelligence confronts the danger of outsourcing judgement and decision making to AI instruments in key areas of public life from the processing of loan applications to school funding policing and criminal sentencing Part two Science Communication foregrounds the need to rethink how scientific findings are communicated to the public calling on scientists to cooperate with colleagues in other disciplines and community representatives to help minimize the negative effects of mis disinformation in such vital areas as climate change science and public health Part three Building Trust further advocates for and explores instances of trust building initiatives as a necessary precondition of both community oriented scholarly activity and effective intervention strategies in high impact areas such as public health
