Love Letters and the Romantic Novel during the Napoleonic Wars Sharon Worley, 2017-01-06 Love letters during the Napoleonic wars were largely framed by concepts of love which were promoted through novels and philosophy The standard texts so to speak which were written by major authors who inherited this Enlightenment bearing responded to the emerging concepts of love found in novels and philosophical essays Love among this Napoleonic coterie is unique because it demonstrates the reciprocal relationship between the love letter and the romantic novel Germaine de Sta l Juliette R camier Chateaubriand Benjamin Constant Lady Emma Hamilton Napoleon Bonaparte and his brother Lucien Bonaparte were the authors and recipients of some of the most passionate love letters of this period They were also avid readers of the newly emerging genre

of the romantic novel and many of them were also authors of such works where they projected their personal romances onto the characterization of their fictional heroes and heroines. In addition, these authors had lived through the recent French Revolution and the Terror. Imprisoned during the Revolution or branded as emigrants upon their return to Paris, their mature adult lives were spent in the shadows of the Napoleonic wars in which they shifted political loyalties as the specter of Napoleon's powers grew from First Consul to Emperor of Europe. The looming threat of war ignited the depths of their passions and inspired their intellectual analysis of love, happiness, and suicide. Their evolving concept of love was a romantic, all-consuming passion which gripped the lovers in fatal embraces. This book's analysis of their love letters and romantic novels reveals the emerging political landscape of the period through extended metaphors of love and patriotism. **TLA Film and Video Guide** David Bleiler, 1999. The Guardian's Best Books of 2015. Most people suppose that the whole world knows what it is to love; that romantic love is universal, quintessentially human. Such a supposition has to be able to meet three challenges. It has to justify its underlying assumption that all cultures mean the same thing by the word love regardless of language. It has to engage with the scholarly debate on whether or not romantic love was invented in Europe and is uniquely Western. And it must be able to explain why early twentieth-century Chinese writers claimed that they had never known true love or love by modern Western standards. By addressing these three challenges through a literary, historical, philosophical, biographical, and above all, comparative approach, this highly original work shows how love's profile in China shifted with the rejection of arranged marriages and concubinage in favour of free individual choice, monogamy, and a Western model of romantic love. This book, Lynn Pan's best to date, adds a wonderful new angle by encouraging us, via comparison, to better appreciate how unusual, even in some ways exotic, a part of the Western past we take for granted as though it were natural. Actually, it is. While the reader will learn a great deal about Chinese literary and cultural traditions from this book, if read with an open mind, the Western reader may end up rethinking things about his or her tradition just as deeply. Jeffrey N. Wasserstrom, Chancellor's Professor of History, University of California at Irvine. Nobody writes about China quite as brilliantly as Lynn Pan, who in this new illuminating work on love showcases her trademark erudition entwined with a novelist's sensibility. Pan's rare skill makes the book a treat from start to finish: a sumptuous, deft, and moving analysis of China's relationship with love.
