Analytical-Literal Translation of the Old Testament (Septuagint) - Volume Two - The Historical Books

Gary F. Zeolla, 2014-10-23 The Analytical Literal Translation of the Old Testament Septuagint Volume II The Historical Books
ALT is a companion to the Analytical Literal Translation of the New Testament. Both are translated by Gary F. Zeolla. www.zeolla.org
The ALT Old Testament is being published in five volumes. Most Old Testaments are based on the Hebrew text. But this Old Testament OT is based on the Greek Septuagint LXX. The LXX is a third century B.C. Greek translation of the Hebrew Bible. The name and abbreviation comes from the tradition that 70 or 72 Jewish scholars worked on its translation, six from each of the 12 tribes of Israel. The importance of the LXX is that it was THE Bible of the early Church. The purpose of the ALT is to provide a translation of the Greek Septuagint that will enable the reader to come as close to the Greek text as possible without having to be proficient in Greek.

The Epworth Herald, 1891 **Popular Science Monthly**, 1918 The Book of Psalms
Jeffrey M. Cohen, 2018-07-26 Jeffrey Cohen employs his poetic skill and biblical scholarship to the challenging task of rendering the Book of Psalms into rhymed verse. While there are several fine renderings into English blank verse, notably that of Robert Alter, it is Cohen's belief that it is the rhymed verse genre that can best convey the vibrant and passionate spirit of the original Hebrew poetry and its innate lyricism that lent it so naturally and from ancient times to musical and choral accompaniment. This highly original work conveys the inner meaning, lyricism, and message of the psalms in a manner that will engage and inspire adherents of all faiths and none. It also provides a useful exegetical tool for all who use the Bible for study, teaching, or preaching, demystifying many words and phrases whose meaning translators and commentators acknowledge as uncertain in the original text. This is as much a commentary as a work of poetry, as testified to by the endorsements of several Cambridge University biblical and Hebrew scholars. Before proceeding to create his poetry, the writer consulted the ancient Greek and Latin translations as well as medieval and modern Jewish and non-Jewish interpretations in order to attempt to clarify many of the acknowledged textual difficulties in the psalms. In many cases, this impelled him to offer his own original interpretations. Readers will find these most helpful in clarifying the thematic link between many succeeding lines and paragraphs that on a cursory reading of the standard translations may appear disconnected. For scholars and students of the Bible, this work will offer a novel perspective. For those who use the psalms for devotional purposes, this new edition will serve as an inspirational source, and for those whose interest is purely in the poetry, there is also much to appeal.
