A person wearing a Santa Claus costume, including a red suit with white fur trim and red and white striped socks, is shown from the waist down. They are holding a small, white, cube-shaped gift box with a red ribbon bow. The background is a deep blue space scene with a bright, glowing planet or moon in the lower center.

Long,2016-06-23 This book represents the first attempt to historicise and theorise appeals for relevance in psychology It argues that the persistence of questions about the relevance of psychology derives from the discipline s terminal inability to

define its subject matter its reliance on a socially disinterested science to underwrite its knowledge claims and its consequent failure to address itself to the needs of a rapidly changing world The chapters go on to consider the relevance debate within South African psychology by critically analysing discourse of forty five presidential keynote and opening addresses delivered at annual national psychology congresses between 1950 and 2011 and observes how appeals for relevance were advanced by reactionary progressive and radical psychologists alike The book presents moreover the provocative thesis that the revolutionary quest for social relevance that began in the 1960s has been supplanted by an ethic of marketrelevance that threatens to isolate the discipline still further from the anxieties of broader society With powerful interest groups continuing to co opt psychologists without relent this is a development that only psychologists of conscience can arrest
