Zami: a New Spelling of My Name Audre Lorde,1990 ["New" Exoticisms](#) ,2022-04-19 All civilisations have both feared and been fascinated by what lies beyond

their limits and have to a greater or lesser extent construed their others as exotics Given that even in its most consumerist fashion the adoption of the exotic goes back a long way what then if anything is new in contemporary versions of exoticism This volume attempts to offer some answers to this question The first of its three sections serves as an extended introduction to the concept and practice of exoticism considering the phenomenon from a number of theoretical and critical positions explicitly examining sometimes via significant examples the particular attributes of exoticism The second and third sections are more strictly text based relying on the analysis of specific instances of film in the former and literature in the latter in order to tease out some specific uses of the exotic whether ethnic gendered sexual or other This volume will be of interest to scholars and students working in the fields of representation cultural theory postcolonialism gender ethnicity sexuality cinema and literature **Homemaking** Catherine Wiley,Fiona R.
