big journalistic break and the answers to life's biggest riddles as well. So he set out on a geographic, historical, and personal expedition that would lead him around the world in search of those answers, and then some. First, to better understand the man who was born Prince Siddhartha Gautama, he followed the time-honored pilgrimage in the footsteps of the Buddha in India. From there, he tracked the historical course of Buddhism to Sri Lanka, Thailand, China, Tibet, Japan, and on to San Francisco and Europe. He found that the Buddha's teachings have spawned a worldwide movement of engaged Buddhism, the application of Buddhist principles to resolve social, environmental, health, political, and other contemporary problems. From East to West and back to the East again, this movement has caused a Buddhism boom. Along the way, he met a diverse array of Buddhist practitioners: Thai artists, Indian nuns, Sri Lankan school children, Zen archers in Japan, kung fu monks in China, and the world's first Buddhist comic only in America. Among dozens of Buddhist scholars and leaders, Garfinkel interviewed His Holiness the Dalai Lama, an experience that left him speechless almost. As just reward for his efforts toward the end of his journey, Garfinkel fell in love in the south of France at the retreat center of a leader of the engaged movement, the Vietnamese Buddhist monk Thich Nhat Hanh, a romance that taught him as much about Buddhism as all the masters combined. In this original, entertaining book, Garfinkel separates Buddhist fact from fiction, sharing his humorous insights and keen perceptions about everything from spiritual tourism to Asian traffic jams to the endless road to enlightenment.

The Code of Opposites—Book 2: A Sacred Guide to Playing with Power and not Getting Burned Mahalene Louis, Michael Wolf, 2022-04-22. Book 2 of *The Code of Opposites* (TCO) for short furthers the mission to heal our power issues and thus shift from the ego's need to dominate into the adoption of wholesome power. While Book 1 focuses on no push/pull, Book 2 looks at no self-doubt. Imagine experiencing 100% faith and having total certainty that you can fill in the blank. Would that be a valuable change? Yes, but how? Language is where your Power is. To transform, you must look at the story you tell. Activating a metalanguage, a language beyond all languages, allows you to track patterns, understand the purpose of your self-limiting creations, and be able to turn them off. Cracking this code reveals depths of meaning that animate the soul of all wisdom teachings. The codes are so awesome they naturally raise your vibrational field to the sense of enough by which to resonate with oneness. Radical, crazy, you betcha! Especially as this ancient language that came back from the future renamed itself S-Hebrew to sanctify the union of the feminine and the masculine. Imagine yourself processing trauma by realizing that mysticism may just be the only proven track to healing. Having a unifying equation to explore the shadow and stretch beyond fear into the sacred. Doing what it takes to raise your self-esteem and trust yourself in your chosen calling. Moving out of ScareCity by being real enough to know what you want and ask for it in such a way that you might receive it.
