The Notting hill mystery, compiled [or rather written] by Charles Felix, from the papers of the late R. Henderson Charles Felix (pseud.),1865 **The History of the Cotton Famine** Sir R. Arthur Arnold,1865 *The Notting Hill Mystery. Compiled by C. Felix, from the Papers of the Late R. H. Esq* R. HENDERSON (pseud.),Charles FELIX (pseud.),1865 The Plot Thickens Mary Elizabeth Leighton,Lisa Surridge,2018-12-17 In the early 1800s books were largely unillustrated By the 1830s and 1840s however innovations in wood and steel engraving techniques changed how Victorian readers consumed and conceptualized fiction A new type of novel was born often published in serial form one that melded text and image as partners in meaning making These illustrated serial novels offered Victorians a reading experience that was both verbal and visual based on complex effects of flash forward and flashback as the placement of illustrations revealed or recalled significant story elements Victorians experience of what are now canonical novels thus

differed markedly from that of modern readers who are accustomed to reading single volumes with minimal illustration. Even if modern editions do reproduce illustrations, these do not appear as originally laid out. Modern readers therefore lose a crucial aspect of how Victorians understood plot as a story delivered in both words and images over time and with illustrations playing a key role. In *The Plot Thickens*, Mary Elizabeth Leighton and Lisa Surridge uncover this overlooked narrative role of illustrations within Victorian serial fiction. They reveal the intricacy and richness of the form and push us to reconsider our notions of illustration, visual culture, narration, and reading practices in nineteenth-century Britain. *The Notting Hill Mystery*. Though well known as the author of *Trilby* and the creator of Svengali, the writer-artist George Du Maurier had many other accomplishments that are less familiar to modern audiences. This collection traces Du Maurier's role as a participant in the wider cultural life of his time, restoring him to his proper status as a major Victorian figure. Divided into sections, the volume considers Du Maurier as an artist, illustrator, and novelist who helped to form some of the key ideas of his time. The contributors place his life and work in the context of his treatment of Judaism and Jewishness, his fascination with urbanization, Victorian science, technology, and clairvoyance, his friendships and influences, and his impact on notions of consumerism and taste. As an illustrator, Du Maurier collaborated with Thomas Hardy, Elizabeth Gaskell, and sensational writers such as M. E. Braddon and the author of *The Notting Hill Mystery*. These partnerships, along with his reflections on the art of illustration, are considered in detail. Impossible to categorize, Du Maurier was an Anglo-Frenchman with cultural linkages in France, England, and America; a social commentator with an interest in *The New Woman*; a Punch humorist and a friend of Henry James, with whom he shared a particular interest in the writing of domesticity and domestic settings. Closing with a consideration of Du Maurier's afterlife, notably the treatment of his work in film, this collection highlights his diverse achievements and makes a case for his enduring significance.
