The Outrageous Idea Of The Missional Professor:

The Outrageous Idea of the Missional Professor, International Edition Paul M. Gould, 2019-06-05 The outrageous idea of this book is that God wants to use professors as professors to reach others transform the academy and meet the needs of the world God is on a mission to redeem and restore this fallen world and as members of one of the most influential institutions in society Christian professors in the university play an important role in that mission Becoming a missional professor will require a clear vision of God's heart for the lost as well as humankind's purpose and calling under the banner of Christ an understanding of the significance of the university as a cultural shaping institution and mission field and a desire for Christian wholeness in a fragmented world This idea is outrageous because many Christian professors struggle to live missionally and need a clear vision of such a life as well as role models to lead the way Many professors already living missional lives need encouragement to excel still more 1 Thess 4:10 We all need God's grace and mercy as we try to faithfully follow Christ within the university Paul M. The Outrageous Idea of the Missional Professor Paul M. Gould, D. Keith Campbell, Li Ma, Omar Montero, Granville W. Pillar, Osam Edim Temple, Bee-Lan C. Wang, 2019 *Cultural Apologetics* Paul M. Gould, 2019-03-12 Renewing the Christian voice conscience and imagination so that we can become compelling witnesses of the Gospel in today's culture Christianity has an image problem While the culture we inhabit presents us with an increasingly anti-Christian and disenchanted position the church in the West has not helped its case by becoming anti-intellectual fragmented and out of touch with the relevancy of Jesus to all aspects of contemporary life The muting of the Christian voice its imagination and its collective conscience have diminished the prospect of having a genuine missionary encounter with others today Cultural apologetics attempts to demonstrate not only the truth of the Gospel but also its desirability by reestablishing Christianity as the answer that satisfies our three universal human longings truth goodness and beauty In Cultural Apologetics philosopher and professor Paul Gould sets forth a fresh and uplifting model for cultural engagement rooted in the biblical account of Paul's speech in Athens which details practical steps for establishing

Christianity as both true and beautiful reasonable and satisfying You ll be introduced to The idea of cultural apologetics as distinct from traditional apologetics The path from disenchantment with how we understand reality to re enchantment with the reality of the spiritual nature of things The practical tools of good cultural engagement conscience reason and imagination Equip yourself to see and help others see the world as it is through the lens of the Spirit deeply beautiful mysterious and sacred With creative insights Cultural Apologetics prepares readers to share a vision of the Christian faith that is both plausible and desirable offering clarity for those who have become disoriented in the haze of modern Western culture

The Scandal of Evangelism Elmer John Thiessen, 2018-04-26 In today s multi cultural and multi religious world evangelism is often viewed as scandalous not only by those who are opposed to anything religious but also by many Christians In this book Elmer Thiessen provides a response to those who find most or even all Christian evangelism objectionable He does this through a careful analysis of what the Bible says about the ethics of evangelism Based on this inductive study mainly of the New Testament Thiessen proposes thirty guidelines for ethical evangelism Part II examines some specific contexts that pose unique challenges for doing evangelism ethically evangelism of children evangelism within a professional context like the secular academy evangelism within the context of humanitarian aid and finally the problem of proselytism understood in the special and narrow sense of sheep stealing

Mission in Praise, Word, and Deed Edward L. Smither, Jessica A. Udall, 2023-09-26 Listening to the Voices of Global Practitioners In Christian mission we cross boundaries between the people of God and the not yet people of God declaring God s glory among the nations Ps 96 3 Mission begins and ends in worship In mission we proclaim the death burial and resurrection of Christ We also care for the whole person Thus at its core mission intertwines praise word and deed This book represents the latest in missiological thinking Though some contributors are scholars and even professors most are field practitioners evangelists church planters Bible translators medical professionals refugee workers and community development specialists Based on decades of faithful service they report on what they have learned about mission Mission in Praise Word and Deed addresses a wide range of critical concerns such as informal theological education Bible translation business as mission trauma care and working on multicultural teams As we ponder best mission practices it s wise to hear from global practitioners those who have been at it for a long time This book represents the diversity of the global church They are men and women from Africa Asia Latin America North America and Europe who have served or presently serve in places across the world These contributors share the conviction that the future of missions involves a growing global church and missionary workforce joining hands to complete the Great Commission amid severe opposition and disruption

The Scandal of the Evangelical College Martin Spence, 2025-06-30 Despite heady claims about Christ centeredness Evangelical colleges are scandalously secular institutions in thrall to the regnant assumptions of the market economy and mainstream higher education Paradigms intended to integrate faith and learning often ironically fracture and distort Christianity Even the spiritual dimensions of the Christian

college presumed to keep it safe from religious declension are prone to secularizing tendencies because the American Evangelical culture from which the college receives its spiritual cues and from which it accepts its donors money is itself captive to a set of sub biblical economic social and political assumptions This book argues that the cause of the scandal is the absence of the church in the imagination of the Evangelical college It therefore proposes that the mission and practice of the Evangelical college should be to summon equip and renew the people of God While this may sound like a return to an obsolete bible school model of Christian education the ecclesial vision only sounds narrow because we lack a robust understanding of the vocation of the church itself By simultaneously restricting our vision of the Evangelical college while broadening our understanding of the church a more fully evangelical educational endeavor might emerge Thriveology HeeKap Lee,2021-10-15 Can our students learn something positive for themselves in spite of traumatic and toxic situations Can they thrive in their cognitive emotional and social capacities to transform their painful and challenging current COVID 19 environment What do teachers need to do for this These questions guided this book to suggest a new perspective of education called the Pedagogy of Thriveology which challenges students to overcome the current toxic social environments based on the biblical perspective In fact Jesus presents many effective teaching cases in Scripture In this book I identify specific cases of audiences who experienced trauma that are related to physical emotional relational spiritual cultural ethical identity issues along with appropriate learning strategies and instructional processes that are used by Jesus so that the specific audience in each case would be equipped with resilience needed to overcome their trauma **Such a Mind as This** Richard L. Smith,2021-12-17 Our intellectual context is very complicated There are competing pedagogues divergent epistemological agendas and flawed participants The mind is a warzone The Old Testament depicts a battlefield between the sinful mind and God s revelation Today many Christians minimize the intellect and do not recognize how sin impacts thinking Many do not know how to love God with the mind Many suffer from anti intellectual inertia They think like consumers shopping for knowledge learning formats and instructors that conform to their buying preferences They prefer junk food for their minds They often fulfill the role assigned to them by the world intellectual simplicity private religiosity and subjective spirituality By comprehensively examining Old Testament teaching concerning the mind this book promotes a spirituality that puts thinking in its proper place It explains what God requires intellectually of his vice regents It shows that our world is a labyrinth but that God s revelation is our reliable guide This book motivates readers to strive for mental piety wisdom and intellectual development for the glory of God and the fulfillment of our mandate on earth Readers will learn from their ancient brethren how to better steward their minds *The Progressive Miseducation of America* Corey Miller,2025-10-14 If You Want to Change the World Change the University Our culture is undergoing radical change We see evidence of this cultural revolution all around us as values norms language and laws all shift beneath our feet But this revolution didn t come out of nowhere and it isn t too late to stop it *The Progressive Miseducation of America* is an eye opening look at how our

universities have polluted the cultural landscape we live in today and how Christians can take strategic actions in response As a dedicated student of culture and revolutionary history Corey Miller brings clear insights and actionable ideas to help you understand and defend against ideas subversive to the Christian faith further the Christian life and worldview through intentional methods of being salt and light inspire change not only within your family and church but in the broader culture Sobering yet optimistic this bold and inspiring resource will equip you to take concrete steps in making the largest and most sustainable difference in both your community and the world **Being Spiritual while Doing Research** LIT

A Radical Change of Direction Donald C. Mullen MD Mdiv FACS, 2015-10-05 When I first met Don Mullen in my preaching classes I knew that he had come to Princeton Seminary after years as a leading cardiac surgeon in Milwaukee I soon came to realize that his medical aptitude was matched by his many other gifts gifts for faithful preaching intelligent leadership pastoral compassion and deep dedication to the gospel In this breathtaking memoir we see Don Mullen change direction from his successful medical career to become a courageous healing presence and witness for the gospel in some of the worlds most challenging places Through this book what has been an adventure of faith and hope for Dr Mullen becomes one for the reader as well Thomas G Long Professor of Preaching Emeritus Candler School of Theology Emory University In his book *A Radical Change of Direction* Dr Don Mullen describes the journey of a highly successful conservative cardiac surgeon with over three thousand open heart procedures and many thousands of thoracic and vascular surgeries which took him in a direction he never thought he would go This journey began with a trip to a small mission hospital in Tenwek Kenya in 1981 which led to a change in his career The different experiences in so many countries convinced him that a progressive attitude toward his theology and politics was more appropriate to a Christ centered life than his previous beliefs Dr Mullen has worked in three war zones twice in Iraq and in Sudan and Rwanda numerous countries all over Africa the Far East India Vietnam Laos China and Papua New Guinea and the Middle East He has spoken and preached in dozens of churches in the United States about his views developed from these experiences The book is a memoir of the spiritual journey of a surgeon and his life before and after his defining moment of change along with his heritage which may have led to his nonconformist personality
