The Miseducation Of The Negro:

The Mis-Education of the Negro Carter G. Woodson, 2013-03-01 The Mis Education of the Negro is one of the most important books on education ever written Carter G Woodson shows us the weakness of Euro centric based curriculums that fail to include African American history and culture This system mis educates the African American student failing to prepare them for success and to give them an adequate sense of who they are within the system that they must live Woodson provides many strong solutions to the problems he identifies A must read for anyone working in the education field The Mis-Education of the Negro Carter Woodson, In this seminal work Carter Woodson argues that the American education system has failed to properly educate African Americans instead teaching them to accept their oppressed status as divinely ordained He contends that this miseducation has crushed the spark of genius in black students making them feel inferior to other races and leading them to despise their own people Woodson calls for a new approach to educating African Americans one that is tailored to their unique needs and environment rather than simply imitating the education of white Americans

The Mis-Education of the Negro and the Education of the Negro Carter G. Woodson, 2014 The Mis Education of the Negro and The Education of the Negro **The Mis-Education of the Negro** Carter Godwin Woodson, 2013-12 This book ought to be required reading for every teacher educator administrator and parents who interact with children of African descent Woodson's work helps us understand that African peoples are truly mis educated We largely receive an Eurocentric or White middle class elitist education that by and large does not serve the needs of our communities This mis education creates a serious identity crisis on the part of African youth and it causes many Black educated middle class people to spend more time trying to reach the consumer American Dream rather than working toward a real self determination agenda of African peoples Thus it's of little surprise today that most African students never enroll in a course on African American studies In fact these courses are becoming more rare in high school and colleges across the nation Even with the current renaissance of Black literature in this country the study of African Black culture politics and spiritual life are rarely discussed In Woodson's words Real education means to inspire people to live more abundantly to learn to begin with life as they find it and make it better but the instruction so far given Negroes and still today in colleges and universities and elementary and secondary schools has worked to the contrary In most cases such graduates have merely increased the number of malcontents who offer no program for changing the undesirable conditions about which they complain Woodson's book is clearly not out dated In fact it reads as if it were published last year instead of 1933 I would like to close this response to Woodson's work with another classic quote from him If you control a man's thinking you do not have to worry about his action When you determine what a man shall think you do not have to concern yourself about what he will do If you make a person feel that he/she is inferior you do not have to compel him/her to accept an inferior status he/she will seek for it If you make a person think he/she is a justly outcast you do not have to order that person to the back door that person will go

without being told and if there is no back door the very nature of that person will demand one The Mis-Education of the Negro Carter Godwin Woodson,2013-10-30 Carter Godwin Woodson is considered by many to be the father of African American history The son of former slaves in 1912 Woodson earned his Ph D in history at Harvard University the second African American to earn a doctorate the first being W E B DuBois Noting that African American contributions were overlooked ignored and even suppressed by the writers of history textbooks and the teachers who use them in 1926 he originated the concept of Negro History Week which he set in the second week of February which coincided with the birthdays of Abraham Lincoln and Frederick Douglass That week of recognition soon became largely accepted and was eventually extended for the full month of February becoming known as Black History Month The material that makes up The Mis Education of the Negro was originally a series of speeches and essays delivered and written by Woodson in the late 1920s and early 1930s but which he collected into book form in 1933 It is still considered a classic piece of African American writing and is widely in high school and college classrooms **The Mis-Education of the Negro** Carter Godwin, Carter Woodson,2015-02-11 THE MIS EDUCATION OF THE NEGRO by Carter G Woodson One of the most important books on education ever written *The Mis-Education of the Negro* Carter G.
