White, Bill Ashcroft, Salhia-Ben Messahel, Marc Delrez, Margaret Harris, Nathanael O'Reilly, Theodore F. Sheckels, Nicholas Birns, Liliana Zavaglia, 2018-10-12 *Richard Flanagan Critical Essays* is the first book to be published about the life and work of this major world author. Written by twelve leading critics from Australia, Europe, and North America, these richly varied essays offer new ways of understanding Flanagan's contribution to Tasmanian, Australian, and world literature. Flanagan's fictional worlds offer empathetic, often poignant renderings of those whose voices have been lost beneath official accounts of history. Stories from a small region that have made their mark on a global scale. Considering his seven novels as well as his non-fiction journalism and correspondence, this collection examines the historical and geographical factors that have shaped Flanagan's representation of Tasmanian identity. This collection offers new insights into a determinedly regional writer and the impact he has had on a local, national, and global scale.

Contemporary Historical Fiction, Exceptionalism and Community Susan Strehle, 2020-10-19. This book analyzes a significant group of contemporary historical fictions that represent damaging, even catastrophic times for people and communities written after the wreck. They recall instructive pasts. The novels chronicle wars, slavery, racism, child abuse, and genocide. They reveal damages that ensue when nations claim an exalted exceptionalist identity and violate the human rights of their Others. In sympathy with the exiled writers of these contemporary historical fictions, create alternative communities on the state's outer fringes. These fictive communities include where the state excludes; they foreground relations of debt and obligation to the group in place of individualism, competition, and private property. Rather than assimilating members to a single identity with a unified set of views, the communities open multiple possibilities for belonging. Analyzing novels from Britain, Australia, and the U.S. along with additional transnational examples, Susan Strehle explores the political vision animating some contemporary historical fictions.

Contemporary Australian Literature Nicholas Birns, 2015-12-01. Australia has been seen as a land of both punishment and refuge. Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire. Twentieth-century writers left Australia to see the world; now Australia's distance no longer provides sanctuary. But today the global perspective has arrived with a vengeance. In *Contemporary Australian Literature: A World Not Yet Dead*, Nicholas Birns tells the story of how novelists, poets, and critics from Patrick White to Hannah Kent, from Alexis Wright to Christos Tsiolkas, responded to this condition. With rancor, concern, and idealism, modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward. Birns paints a vivid picture of

a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella

The Book of Nature Barbara Mahany, 2023-03-21 We live inside a nautilus of prayer if only we open our senses and perceive what is infused all around Throughout millennia and across the monotheistic religions the natural was often revered as a sacred text By the Middle Ages this text was given a name The Book of Nature the first best entry point for encounter with the divine The very act of reading the world of focusing our attention on each twinkling star and unfurling blossom humbles us and draws us into sacred encounter As we grapple to make sense of today's tumultuous world one where nature is at once a damaged and damaging source of disaster as well as a place of refuge and retreat we are called again to examine how generously it awaits our attention and devotion standing ready to be read by all Weaving together the astonishments of science the profound wisdom and literary gems of thinkers poets and observers who have come before us and her own spiritual practice and gentle observation Barbara Mahany reintroduces us to The Book of Nature an experiential framework of the divine God's first revelation came to us through an ongoing creation one that through stillness and attentiveness to the rumblings of the heavens the seasonal eruptions of earth the invisible pull of migration of tide and of celestial shiftings draws us into sacred encounter We needn't look farther for the divine
