The Need Taboo Tales 15:

Novels and Tales Robert Louis Stevenson, 1902 **The Novels and Tales of Robert Louis Stevenson** Robert Louis Stevenson, Lloyd Osbourne, Fanny Van de Grift Stevenson, William Ernest Henley, 1905 **Life Story Research in Sport** Kitrina Douglas, David Carless, 2014-12-17 What is life really like for the elite athlete How does the experience of being a professional sports person differ from the popular perceptions of fans journalists or academics Why might elite sports people experience mental health difficulties away from the public gaze In the first book length study of its kind Kitrina Douglas and David Carless present the life stories of real elite athletes alongside careful analysis and interpretation of those stories in order to better understand the experience of living in sport Drawing on psychology sociology counselling psychotherapy and narrative theory and on narrative research in sports as diverse as golf track and field athletics judo and hockey they explore the ways in which the culture of sport interacts with the mental health development identity and life trajectories of elite and professional sports people in highly pressurised and sometimes unhealthy environments By casting light on a previously under researched aspect of sport the book makes a call for strategies to be put in place to minimise difficulties or distress for athletes for support to be tailored across the different life phases and highlights the potential benefits in terms of athlete well being and improved performance The book also considers how these important issues relate to broader cultural and social factors and therefore represents important reading for any student or professional with an interest in sport psychology coaching sport sociology youth sport counselling or exercise and mental health **The Splendor of Longing in the Tale of the Genji** Norma Field, 2019-01-29 Foremost among Japanese literary classics and one of the world's earliest novels the Tale of Genji was written around the year A D 1000 by Murasaki Shikibu a woman from a declining aristocratic family For sophistication and insight Western prose fiction was to wait centuries to rival her work Norma Field explores the shifting configurations of the Tale showing how the hero Genji is made and unmade by a series of heroines Professor Field draws on the riches of both Japanese and Western scholarship as well as on her own sensitive reading of the Tale Included are discussions of the social psychological and political dimensions of the aesthetics of this novel with emphasis on the crucial relationship of erotic and political concerns to prose fiction Norma Field is Assistant Professor of Far Eastern Languages and Civilizations at the University of Chicago Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 ***The Forgotten Chaucer Scholarship of Mary Eliza Haweis, 1848-1898*** Mary Flowers Braswell, 2016-06-17 The author of numerous books on Geoffrey Chaucer the nineteenth century scholar Mary Eliza Haweis has been largely erased from general histories

of Chaucer studies In her critical biography Mary Flowers Braswell traces Haweis's career bringing her out of obscurity and placing her contributions to Chaucer scholarship in the context of those of influential Chaucerians of the period such as Frederick James Furnivall Walford Dakin Selby and Walter Rye Braswell draws on extensive archival research from a broad range of late Victorian newspapers journals and society papers to weave a fascinating picture of Haweis's own life and work which in quantity and quality rivaled that of her contemporaries Haweis we discover corrected assumptions related to the Chaucer seal and texts bringing her findings to the attention of the public in works such as *Chaucer for Schools* the first textbook on the poet Braswell also sheds light on the ways in which fashion society culture art and leisure activities intermingled with scholarship archival recovery museum work editing writing and publishing in the late Victorian middle and upper classes Concluding with a discussion of Haweis's forgotten role as head of the Chaucer section for the National Home Reading Union Braswell's book makes a strong case both for Haweis's influence as a Chaucer scholar and her importance as an educator in nineteenth century Britain and the United States

National Service Life Stories Peter Gurney, Matthew Grant, Joel Morley, 2025-01-25 National service was a defining feature for a generation of young men in post war Britain Around 2.3 million of them were called up between the end of World War Two and 1963 when conscription ended However national service was forgotten almost before it had ended a process aided subsequently by professional historians who have been reluctant to assess its longer term influence on British social and political history Based on original oral interviews with well over one hundred men this book explores the ways in which compulsory military participation reverberated in the memories of interviewees long beyond the end of conscription and how these early military experiences shaped their later life stories Unlike existing accounts that tend to rely on memoirs written by officers or else oral interviews that concentrate narrowly on the details of military service this study focusses instead on men from working class backgrounds and it situates national service in the context of the life course and the wider transformations that have occurred in British society since conscription ended In so doing the work shines new light on important areas of current scholarly interest and historiographical concern including the changing meaning and experience of class masculinity and citizenship as well as the complexities of popular memory

Readers' Guide to Periodical Literature Anna Lorraine Guthrie, Bertha Tannehill, Neltje Marie Tannehill Shimer, 1919

Folklore and the Fantastic in Nineteenth-Century British Fiction Dr Jason Marc Harris, 2013-04-28 Jason Marc Harris's ambitious book argues that the tensions between folk metaphysics and Enlightenment values produce the literary fantastic Demonstrating that a negotiation with folklore was central to the canon of British literature he explicates the complicated rhetoric associated with folkloric fiction His analysis includes a wide range of writers including James Barrie William Carleton Charles Dickens George Eliot Sheridan Le Fanu Neil Gunn George MacDonald William Sharp Robert Louis Stevenson and James Hogg These authors Harris suggests used folklore to articulate profound cultural ambivalence towards issues of class domesticity education gender imperialism nationalism race politics

religion and metaphysics Harris's analysis of the function of folk metaphysics in nineteenth and early twentieth century narratives reveals the ideological agendas of the appropriation of folklore and the artistic potential of superstition in both folkloric and literary contexts of the supernatural

Untold Stories David Divita, 2024-01-31 Forgetting about Spain's civil war 1936-9 and subsequent dictatorship was long seen as a necessary safeguard for the democracy that emerged after General Francisco Franco's death in 1975 Since the early 2000s however public discussion of historical memory has awakened efforts to remember this past through the personal testimonies of Spaniards who experienced it firsthand *Untold Stories* expands accounts of twentieth century Spain by presenting an ethnography of an ignored population the impoverished men and women who fled Franco's dictatorship in the 1960s participating in a wave of labour migration to northern Europe Now in their eighties they were born around the time of the civil war and came of age during its repressive aftermath before leaving Spain as young adults The book features a community of such Spaniards who gather regularly at a senior centre on the outskirts of Paris Drawing on concepts from linguistic anthropology David Divita analyses conversational encounters recorded among the seniors to demonstrate how a turbulent past shapes mundane moments of social interaction in the present Documenting what is said as well as what is not Divita reveals through detailed textual analysis how silence can pervade the creation of social meanings such as belonging authority and legitimacy *Untold Stories* illuminates the impact of a harrowing historical period on some of Spain's most marginal citizens in the early years of the dictatorship

Klaus, Douglas Petersen, 2011-08-01 This book comprising a sweeping range of well documented articles on Pentecostal theology hermeneutics missiology and the social sciences provides for the student of Pentecostals a window on contemporary Pentecostal scholarship that discloses vigorous engagement with critical issues The editors have provided a resource that promises to stimulate further research and reflection William Menzies Chancellor Asia Pacific Theological Seminary Baguio City Philippines Excerpts from Respondents Jose Miguez Bonino on Changing Paradigms An updating of Pentecostal thinking on a whole spectrum of theological disciplines systematics missiology biblical studies history and praxis a wealth of information and reflection Vinay Samuel on Global Culture Global Pentecostalism can bring a new impetus to the movement for Christian unity it has much to contribute to the shaping of a new 21st century definition for Christian unity Harvey Cox on A Postmodern World There was a time when Pentecostals warned themselves and anyone else who would listen not to become entangled with and dependent on the things of the world Pentecostals were suspicious of the passing fads of stylish clothing the latest hairdo and glitzy new consumer products They were also as it turns out rightly suspicious that the powerful new mass media could be a seductive lure tricking people into the empty values of the consumer market culture Perhaps it is time for a rebirth of that ethic of simplicity that suspicion for the things for the world for which the early Pentecostals were so famous

The London Stage 1890-1959 J. P. Wearing, 2014-10-30 Theatre in London has celebrated a rich and influential history and in 1976 the first

volume of J P Wearing's reference series provided researchers with an indispensable resource of these productions. In the decades since the original calendars were produced, several research aids have become available, notably various reference works and the digitization of important newspapers and relevant periodicals. Spanning 1890 through the 1950s, all seven volumes of *The London Stage* series have been revised, corrected, and expanded. In addition, approximately 20 percent of the material in particular information about adaptations and translations, plot sources, and comment information is new. Although each volume contains indexes specific to that decade, *The London Stage 1890-1959 Accumulated Indexes* combines all of the indexes into one comprehensive resource for more efficient research. For example, those wishing to locate all the references to a particular actor, play, or theatre whose history spanned more than one decade will find all of the entries listed in this set. This set includes four key indexes: general, genre, theatre, and title. The general index consists of numerous subject entries on such topics as acting, audiences, censorship, costumes, managers, performers, prompters, staging, and ticket prices. With approximately 40,000 people listed, this is the largest single source of theatrical personnel on the London stage during this period. The genre index comprises all entries for production types, including comedies, dramas, farces, and tragedies, as well as ballets, operas, adaptations, foreign works, pantomimes, and translations. The theatre index features every building to stage a production from the Adelphi to Wyndham's. The title index cites 14,000 productions, identifying every work produced on stage from *Domestic Economy* in January 1890 to *When in Rome* in December 1959. As a supplement to the individual volumes, *The London Stage 1890-1959 Accumulated Indexes* will be of value to scholars, theatrical personnel, librarians, writers, journalists, and historians.

The Ocean of Story Somadeva Bhaṭṭa, 1928 **Black Literature and Literary Theory** Henry Louis Gates, Jr, 2016-08-19 The imaginative literature of African and Afro American authors writing in Western languages has long been seen as standing outside the Western literary canon In fact however black literature not only has a complex formal relation to that canon but tends to revise and reflect Western rhetorical strategies even more than it echoes black vernacular literary forms This book first published in 1984 is divided into two sections thus clarifying the nature of black literary theory on the one hand and the features of black literary practice on the other Rather than merely applying contemporary Western theory to black literature these critics instead challenge and redefine the theory in order to make fresh stimulating comments not only on black criticism and literature but also on the general state of criticism today
