

A detailed landscape painting showing a wide valley. In the foreground, several people are plowing a field with oxen. The middle ground features a river winding through a lush green valley, with rolling hills and distant mountains. The sky is filled with large, white, fluffy clouds. The overall style is reminiscent of 19th-century landscape art.

I will be the first to acknowledge its time tested ability to soften the sting of death and provide comforting words of hope and assurance. I have witnessed firsthand how it can soothe the pain of loss and loneliness when someone we love has been taken away from us. The bereavement side of Psalm 23 is important and necessary as long as we realize that there is another side of Psalm 23. The Other Side of Psalm 23 was first presented in a series of sermons. In 2018 my doctoral dissertation was based on those sermons. Today they are presented in this book for your review and consideration. *Courage in the Twenty-First Century* J.
