Nancy Althouse, *Lilith: The Power of the Woman's Spirit in the Age of Aquarius* Ed Russo, 2014-08-06 Embrace the darkness for there you will find the light We all have been told in this patriarchal system that to look for salvation is to look upward and outward to a god or gods to worship We are not here to worship but to look inside ourselves and embrace who we are and grow to our full potential Inanna is the archetypical Goddess of love and war Her descent into the Underworld is a reflection of our journey of going inward to face our true nature When we fight this we then are at war with nature Lilith is Inanna's handmaiden as we ourselves can also become partners with Inanna Realizing who we are we then embrace the balance with the female archetype with the male archetype which will bring us wholeness as women become stronger and men and women come to love themselves This new perspective is what is taken place as we enter into the Age of Aquarius **The Tarot** Avia Venefica, 2014-06-05 Included with the book is a complete deck of full size original Rider Waite cards Complete with beautiful full color photography Idiot's Guides The Tarot is a book that uses clear concise instructions to walk beginning readers through the meanings of each of the cards and how they can be interpreted when they appear in a spread Accompanying the Tarot's core meanings and keywords for each card are Quick Reads a shortcut to a card's meaning for the subjects most people want to know Love Money Family and Career Also included is detailed information on how to lay and interpret the five basic Tarot spreads as well as spreads for specific questions *The Zodiac by Degrees* Martin Goldsmith, 2004-05-01 The Zodiac by Degrees provides symbols and interpretations for each of the 360 degrees of the zodiac These symbols make a direct connection with your basic spiritual energies and penetrate the private language of your personal mythology For this second edition every one of the 360 degrees has been reexamined from extensive lists of examples In the end about ninety degrees have undergone major changes and all

of the rest have been clarified and sharpened The result is a symbol system of unparalleled accuracy and an indispensable tool for both amateur and practicing astrologers The Zodiac by Degrees gave me serious goose bumps on several occasions Inside of half an hour the text had cleared up my ambivalence about the exact degree of my Ascendant and given me a new understanding of my Sun degree 8212one vastly more evocative than the traditional Sabian interpretation Martin Goldsmith is a poet in the old sense of the word he s on fire with imagery and the fire is contagious 8212Steven Forrest author of The Inner Sky At last An astrologer who has undertaken the huge workload of intensive research into the individual degrees of the zodiac Thanks to his years of work Goldsmith has finally taken this area of astrology out of the misty intuitive channeled area of the Sabian symbols onto the firmer and more reliable footing of good grounded research This long needed book is therefore an essential reference work for any serious astrologer 8212Bernadette Brady author of Predictive Astrology
