Green-Barteet, 2021-04-22 Winner of the Children's Literature Association's 2023 Edited Book Award Contributions by Malin Alkestrand Joshua Yu Burnett Sean P Connors Jill Coste Meghan Gilbert Hickey Miranda A Green Barteet Sierra Hale Kathryn Strong Hansen Elizabeth Ho Esther L Jones Sarah Olutola Alex Polish Zara Rix Susan Tan and Roberta Seelinger Trites Race in Young Adult Speculative Fiction offers a sustained analysis of race and representation in young adult speculative fiction YASF The collection considers how characters of color are represented in YASF how they contribute to and participate in speculative worlds how race affects or influences the structures of speculative worlds and how race and racial ideologies are implicated in YASF This collection also examines how race and racism are discussed in YASF or if indeed race and racism are discussed at all Essays explore such notable and popular works as the Divergent series The Red Queen The Lunar Chronicles and the Infernal Devices trilogy They consider the effects of colorblind ideology and postracialism on YASF a genre that is often seen as progressive in its representation of adolescent protagonists Simply put colorblindness silences those who believe and whose experiences

demonstrate that race and racism do continue to matter In examining how some YASF texts normalize many of our social structures and hierarchies this collection examines how race and racism are represented in the genre and considers how hierarchies of race are reinscribed in some texts and transgressed in others Contributors point toward the potential of YASF to address and interrogate racial inequities in the contemporary West and beyond They critique texts that fall short of this possibility and they articulate ways in which readers and critics alike might nonetheless locate diversity within narratives This is a collection troubled by the lingering emphasis on colorblindness in YASF but it is also the work of scholars who love the genre and celebrate its progress toward inclusivity and who further see in it an enduring future for intersectional identity
