Bullyocracy Donald Jeffries,2020-01-03 Bestselling author Donald Jeffries turns his critical eye onto the
topic of bullying to show how teachers principals and other school officials invariably side with the bullies in the most
egregious cases instead of protecting the victims He also shows how many so called anti bullying activists and nearly all the
professional experts excuse bullying and in fact laud sociopathic behavior in general As Jeffries demonstrates this curious
phenomenon is due to the power and influence of the social hierarchy and it revolves to a great extent around the enduring
popularity of sports Jeffries talked to parents who d battled a system that logically should have been working for them some
