The Need To Be What We Are:

We Are, Therefore We Need To Think Monalisa, 2008-03 Were you an accident an undesired outcome of your parents physical journey Or were you planned Planned for what To make your parents life complete or to justify their normal existence in this society To carry on the family name or to prevent the extinction of the human race So how are you doing Or does it matter You were probably brought into existence to enhance somebody else s So how does it matter how you have been doing Does anybody even care whether you would have wanted to be here and now if you had a choice But now that you do exist it is up to you to discover your true self and make the most of your existence for this you need to think This book challenges you to think think why you want to have that baby why you want to get married what is the real meaning of love education religion and similar other aspects of your being It questions various stereotypes and stresses on the need for people to realize their potential to think independently in order to create choices for themselves This small collection is a simple and direct approach to open up minds and make everyone think about life in ways never done before So pick it up start thinking and think yourself to discovering the real you and find your own path of peace and happiness **Do We Still**

Gulino, 2012-06 Why do we read the Psalms We read them because we find comfort in them We identify ourselves with the ups and downs of the writer his feelings and emotions They show the struggles of the writer with God s activities how long before you The psalmist says and our cry to the Lord mixes with his They show his fears when he writes though I walk through the valley of the shadow of death and our fear becomes one with his The theologian reads them because of their prophetic and Messianic teachings But do we ever read them because they teach us how we relate to God See how the Psalms teach us what a person in a right relationship with God does in his relationship with Him Experience a thrilling growing and often convicting journey in God while being richly blessed as you learn what it means He establishes the work of our hands and see the Apostle Paul s example We know that our times are in God s hands and see how God created time for our salvation and why He determines our days We consider all precepts right and see the problems of the pick and choose theology We are devoted to God and see how we re little burning bushes walking the streets of this world We trust in God and see how little we do and much more *Alaska National Interest Lands* United States.
