A. Look carefully the next image, label its parts with the words from the box:

SPINAL CORD      CEREBRUM      CEREBELLUM  
PERIPHERAL NERVES      BRAIN STEM

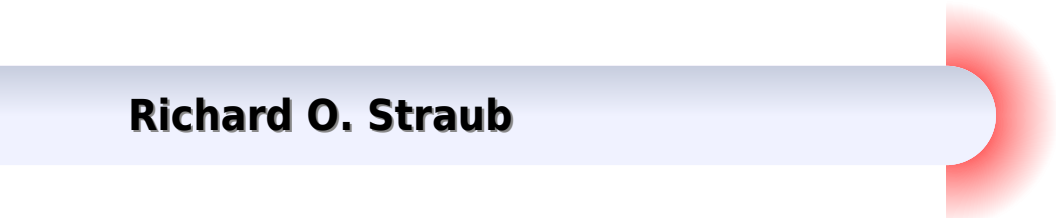

B. Match the parts of the Nervous System and their functions:

- |                      |                                                                                           |                          |
|----------------------|-------------------------------------------------------------------------------------------|--------------------------|
| 1. Cerebrum          | It coordinates the movements and the movement of our muscles.                             | <input type="checkbox"/> |
| 2. Cerebellum        | It regulates our body's automatic functions as breathing, etc.                            | <input type="checkbox"/> |
| 3. Brain stem        | It is the center of our thinking.                                                         | <input type="checkbox"/> |
| 4. Peripheral nerves | It functions as the control center of our organism.                                       | <input type="checkbox"/> |
| 5. Skull             | It goes along the back and carries the brain stem.                                        | <input type="checkbox"/> |
| 6. Spinal cord       | It protects the brain.                                                                    | <input type="checkbox"/> |
| 7. Neurons           | Are the cells of the Nervous System.                                                      | <input type="checkbox"/> |
| 8. Nervous System    | Through them, the brain maintains constant communication with all the organs and tissues. | <input type="checkbox"/> |
