The New Republic:

The New Republic Herbert David Croly,1925 **The New Republic** Herbert David Croly,1969 The New Republic Herbert David Croly,1921 **The Ideas Industry** Daniel W. Drezner,2017-03-01 The public intellectual has a long and storied history Previously the public intellectual was always expected to opine on a broad array of topics from foreign policy to economics Yet in recent years a new kind of thinker has supplanted that archetype the thought leader Equipped with one big idea thought leaders focus their energies on TED talks rather than highbrow periodicals In contrast to public intellectuals thought leaders gain fame as single idea merchants Their ideas are often laudable and highly ambitious but they often work through institutions that are closed to the public and less open to criticism In **The Ideas Industry** Daniel W Drezner explains how this shift happened pointing to the roles of political polarization heightened inequality and eroding trust in authority In contrast to their predecessors today s intellectuals are more likely to enjoy the support of ideologically friendly private funders and be housed in ideologically driven think tanks Increasing inequality is also a key driver of this shift more than ever before contemporary plutocrats fund intellectuals and idea factories that generate arguments that align with their own Finally the erosion of trust in experts has lowered the barriers of entry in the marketplace of ideas But while there are certainly some downsides to the contemporary ideas industry Drezner argues that it is very good at broadcasting ideas widely and reaching large audiences hungry for new thinking Both fair minded and trenchant **The Ideas Industry** reshapes our understanding of contemporary public intellectual life in America and the West **"The Challenge of Our Time"** Iris Dorreboom,1991 **The History and Politics of Star Wars** Chris Kempshall,2022-08-11 This book provides the first detailed and comprehensive examination of all the materials making up the Star Wars franchise relating to the portrayal and representation of real world history and politics Drawing on a variety of sources including films published interviews with directors and actors novels comics and computer games this volume explores the ways in which historical and contemporary events have been repurposed within Star Wars It focuses on key themes such as fascism and the Galactic Empire the failures of democracy the portrayal of warfare the morality of the Jedi and the representations of sex gender and race Through these themes this study highlights the impacts of the fall of the Soviet Union the War on Terror and the failures of the United Nations upon the galaxy far far away By analysing and understanding these events and their portrayal within Star Wars it shows how the most popular media franchise in existence aims to speak about wider contemporary events and issues **The History and Politics of Star Wars** is useful for upper level undergraduates postgraduates and scholars of a variety of disciplines such as transmedia studies science fiction cultural studies and world history and politics in the twentieth and twenty first centuries An Islamic Jihad of Nonviolence Salih Sayilgan,2019-01-21 Today Islam is often associated with violence more so than other world religions In the center of this reception of Islam is the concept of jihad which has been distorted by many On the one hand there are some Muslims who take jihad as a reference point for their violent crimes

against innocent people On the other hand the concept is intentionally used to promote fear against Islam and its adherents This study challenges these presentations of jihad by exploring the late Muslim theologian Said Nursi s jihad of nonviolence The book shows how Nursi s teaching concerning nonviolent struggle reconciliation and religious tolerance has much in common with Nelson Mandela Mahatma Gandhi as well as Martin Luther King Jr **Wilson, Volume V** Woodrow Wilson,2015-12-08 Events from the beginning of the presidential campaign of 1916 to the entry of the United States into the First World War are covered in this fifth volume of Professor Link s authoritative biography of Woodrow Wilson Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Outlook** Alfred Emanuel Smith,Francis Walton,1917 **Martyrs of the Early American Left** Robert C. Cottrell,2023-04-12 Intertwining the stories of three leading early twentieth century radical Americans this book presents the enthralling tale of the too short lives of Inez Milholland Randolph Bourne and John Reed It highlights the movements and personal experiences that drew such privileged individuals to the American left willing to sacrifice comfortable circumstances and opportunities As writers and activists the trio became leading spokespersons for feminism sexual liberation unions civil liberties pacifism internationalism socialism anarchism and in Reed s case communism Challenging capitalism patriarchy and the nation state the independently minded Milholland Bourne and Reed possessed a twofold commitment to personal liberation and community With their early deaths they left behind personal models for acting living and thinking afresh One could say they became martyrs to the very movements they championed *Culture War* Telly Davidson,2016-07-12 What didn t you like about the 1990s the peace or the prosperity Setting aside nostalgia for the end of the 20th century this book takes a candid look at the decade after the Cold War and before 9 11 when America s culture war began with the election of a media savvy Baby Boomer president and his liberal feminist wife Bill Clinton s postmodern administration betokened gay equality an education based labor force and a race and gender diverse workplace and government panicking conservatives and sparking the 1994 Republican Revolution Meanwhile with the advent of the 24 hour cable news cycle and the Internet a media punditocracy arose Parsing every event from the O J Simpson trial to the Monica Lewinsky scandal commentators and talk show hosts spun news politics and pop culture until they became one thing Beginning with the Red and Blue partitioning of America that would nurture the Tea Party and ending with the 9 11 attacks this examination of the 1990s demonstrates how the decade shaped the world we live in today **The X-Wing Series: Star Wars Legends 9-Book Bundle** Michael A. Something has changed After the horrors of World War II people everywhere believed that it could never happen again but today the evidence is unmistakable that anti Semitism is dramatically on the rise once more The torching of European synagogues suicide terror in Israel the relentless comparison of the Israelis to Nazis the paranoid post September 11 Internet bred conspiracy theories the Holocaust denial literature spreading throughout the Arab world the calumny and violence erupting on American college campuses Suddenly a new anti Semitism has become widespread even acceptable to some In this chilling and important new book Ron Rosenbaum author of the highly praised Explaining Hitler brings together a collection of powerful essays about the origin and nature of the new anti Semitism Paul Berman Marie Brenner David Brooks Harold Evans Todd Gitlin Jeffrey Goldberg Bernard Lewis David Mamet Amos Oz Cynthia Ozick Frank Rich Jonathan Rosen Edward Said Judith Shulevitz Lawrence Summers Jeffrey Toobin and Robert Wistrich are among the distinguished writers and intellectuals who grapple with painful questions Why now What is or isn't new Is a second Holocaust possible this time in the Middle East How does anti Semitism differ from anti Zionism These are issues too dangerous to ignore too pressing to deny Those Who Forget the Past is an essential volume for understanding the new bigotry of the twenty first century **The Vietnam War Debate** Louis B. Zimmer,2011-09-16 This book tells the story of how America's national leadership failed the nation and produced the greatest foreign policy disaster in American history to that time It is foremost however the story of a great man who tried to halt his nation's drift into what became an American tragedy It is also a story that has never before been told As the war escalated a variety of critics emerged to challenge the war policy and thus my book is about the national debate in which University of Chicago Professor Hans J Morgenthau emerged as the chief opponent of the war Morgenthau argued relentlessly in teach ins around the country in public debates and in hundreds of articles that Vietnam was never a threat to America's security and that the war should never have been fought In the history of the national debate on Vietnam it is Morgenthau who is the hero of the anti war movement and the centerpiece of my study Morgenthau had written the basic text on foreign policy Politics Among Nations and had established the field of international relations as an independent discipline of study His arguments against the war derive from these earliest writings and are elaborated in this book the principles of which remain valid today The war ended in 1975 as North Vietnamese troops marched into Saigon after over 58 000 American servicemen and millions of Vietnamese had died in the fighting The war could have been averted Morgenthau was ignored American policy makers misunderstood the nature of the civil conflict in Vietnam As Morgenthau told an interviewer in July 1965 What I have said recently I have been saying for years without anybody paying any attention
