The Mirror Empire Worldbreaker Saga:

The Mirror Empire Kameron Hurley, 2014-08-26 An ambitious tale of magic war and parallel worlds that pushes the boundaries of epic fantasy from a two time Hugo Award winner On the eve of a recurring catastrophic event known to extinguish nations and reshape continents a troubled orphan evades death and slavery to uncover her own bloody past while a world goes to war with itself In the frozen kingdom of Saiduan invaders from another realm are decimating whole cities leaving behind nothing but ash and ruin At the heart of this war lie the pacifistic Dhai people once enslaved by the Saiduan and now courted by their former masters to provide aid against the encroaching enemy As the dark star of the cataclysm rises an illegitimate ruler is tasked with holding together a country fractured by civil war a precocious young fighter is asked to betray his family to save his skin and a half Dhai general must choose between the eradication of her father's people or loyalty to her alien Empress Through tense alliances and devastating betrayal the Dhai and their allies attempt to hold against a seemingly unstoppable force as enemy nations prepare for a coming together of worlds as old as the universe itself In the end one world will rise and many will perish Stretching from desolate tundras to steamy semi tropical climes seething with sentient plant life this is an epic tale of blood mages and mercenaries emperors and priestly assassins who must unite to save a world on the brink of ruin File Under Fantasy Orphaned Child World at War Blood Magic The Fluidity of Gender
