The Misbegotten English Edition

The Misbegotten English Edition:

Przekładaniec, 2 (2010) vol 24 - English Version , Eugene O'Neill Remembered Brenda Murphy, George Monteiro, 2017 Eugene O'Neill Remembered is a collection of reminiscences by O'Neill's contemporaries, friends and family that illuminate the life of one of America's most significant playwrights. *The Classical Journal*, 1910. **The Cambridge Companion to Grand Opera** David Charlton, 2003-09-04 Table of contents Eugene O'Neill Egil Törnqvist, 2004-01-28 Eugene O'Neill wrote his plays for a theatre in which the playwright would take a central position. He presented himself as a controlling personality both in the texts in the form of ample stage directions and in performances based on these texts. His plays address several audiences: reader, spectator and production team, and scripts were often different from the published versions. This study examines O'Neill's multiple roles as a writer for many audiences. After a description of O'Neill's working conditions and the multiple audiences of the plays, this study examines the various formal aspects of the plays: titles, settings in time and place, names and addresses, language and connections and allusions to other works. An examination of the plays follows with particular emphasis on *Bound East for Cardiff*, *Long Day's Journey Into Night* and *A Touch of the Poet*. *The Oxford Companion to Twentieth-Century Literature in English* Jenny Stringer, 1996-09-26 This is a unique new reference book to English language writers and writing throughout the present century in all major genres and from all around the world. From Joseph Conrad to Will Self, Virginia Woolf to David Mamet, Ezra Pound to Peter Carey, James Joyce to Amy Tan, the survivors of the Victorian age who feature in *The Oxford Companion to Twentieth-Century Literature in English* writers such as Thomas Hardy, Olive Schreiner, Rabindranath Tagore, Henry James could hardly have imagined how richly diverse literature in English would become by the end of the century. Fiction, plays, poetry and a whole range of non-fictional writing are celebrated in this informative, readable and catholic reference book which includes entries on literary movements, periodicals and over 400 individual works as well as articles on some 2,400 authors. All the great literary figures are included, whether American or Australian, British, Irish or Indian, African or Canadian or Caribbean, among them Samuel Beckett, Edith Wharton, Patrick White, T.S. Eliot, Derek Walcott, D.H. Lawrence, Tennessee Williams, Vladimir Nabokov, Wole Soyinka, Sylvia Plath as well as a wealth of less obviously canonical writers from Anaïs Nin to L.M. Montgomery, Bob Dylan to Terry Pratchett. The book comes right up to date with contemporary figures such as Toni Morrison, Ben Okri, Salman Rushdie, Carol Shields, Tim Winton, Nadine Gordimer, Vikram Seth, Don DeLillo and many others. Title entries range from Aaron's Rod to *The Zoo Story*, topics from *Angry Young Men*, Bestsellers and Concrete Poetry to Soap Opera, Vietnam Writing and Westerns. A lively introduction by John Sutherland highlights the various and sometimes contradictory canons that have emerged over the century and the increasingly international sources of writing in English which the Companion records. Catering for all literary tastes, this is the most comprehensive single volume guide to modern and postmodern literature. **A New English Dictionary on Historical Principles** James Augustus Henry Murray, 1908 **"Something Dreadful and Grand"** Stephen

Watt, 2015-06-02 Elaborate analogies between Irish and Jewish history between Irish and Jewish subjectivities occur with surprising frequency throughout American literature. They recall James Joyce's Leopold Bloom and episodes of *Ulysses*. Douglas Hyde's analogies during the Celtic Revival between learning Hebrew and learning Irish and a myriad of claims of an unusual relationship between these peoples that goes beyond comparisons of their respective diasporic histories. But how does one describe this uncanny relationship, one often marked by hostility, affinity, and ambivalence without essentializing people whose origins, class affiliation, education, life experiences, and so on are enormously different. *Something Dreadful and Grand* American Literature and the Irish Jewish Unconscious describes a complex allo-Semitism and allo-Hibernianism through a variety of cultural texts with which immigrant Irish and Jewish Americans were most engaged: popular music of the Tin Pan Alley era, tenement literature from Anzia Yezierska and James T. Farrell through the posthumous publication of Henry Roth's *An American Type* and proletarian and socialist-inflected drama by Elmer Rice, Clifford Odets, Eugene O'Neill, and Arthur Miller as they engaged the Irish drama of such writers as Bernard Shaw and Sean O'Casey. In an effort to trace both the genealogy and more recent trajectory of immigrant drama and fiction, chapters explore both the post-Famine melodramatic stage of the nineteenth century and a host of more contemporary texts from newer generations of immigrants. Throughout the book, arguments for a circum-North Atlantic culture in which texts from Ireland, Britain, Irish America, and Jewish America contribute substantially to both a modern American literature and to understandings of the terms Irish and Jewish. How can we really know what these terms mean as they delimit or erase totally the differences inherent to them? Borrowing a term from psychoanalytic and political theory, *Something Dreadful and Grand* explores the larger dimensions of this Irish Jewish unconscious underlying cultural production in America, arguing for the centrality of these two diasporic groups to the development of American popular music, fiction, and especially drama.

Frege Michael Dummett, 1991 No one has figured more prominently in the study of the German philosopher Gottlob Frege than Michael Dummett. His magisterial *Frege: Philosophy of Language* is a sustained systematic analysis of Frege's thought, omitting only the issues in philosophy of mathematics. In this work, Dummett discusses section by section Frege's masterpiece *The Foundations of Arithmetic* and Frege's treatment of real numbers in the second volume of *Basic Laws of Arithmetic*, establishing what parts of the philosopher's views can be salvaged and employed in new theorizing and what must be abandoned either as incorrectly argued or as untenable in the light of technical developments. Gottlob Frege (1848-1925) was a logician, mathematician, and philosopher whose work had enormous impact on Bertrand Russell and later on the young Ludwig Wittgenstein, making Frege one of the central influences on twentieth-century Anglo-American philosophy; he is considered the founder of analytic philosophy. His philosophy of mathematics contains deep insights and remains a useful and necessary point of departure for anyone seriously studying or working in the field.

Reflections on the Marxist theory of history Paul

Blackledge,2013-07-19 A decade after Francis Fukuyama announced the End of History anti capitalist demonstrators at Seattle and elsewhere have helped reinvigorate the Left with the reply another world is possible More than anyone else it was Marx who showed that slogans such as this were no utopian fantasies and that capitalism was just as much a historical mode of production no more natural and certainly no less contradictory than were the feudal and slave modes which proceeded it Paul Blackledge opens this study with a defence of the Marxist approach to the study of history against what he argues as being the naive empiricism of traditional historians and the relativism of the postmodernists He moves on to outline Marx and Engels analyses of concrete historical processes and their critiques of the alternative historiographic methodologies of their contemporaries He then discusses neglected historical works produced by Marxists in the half century or so after Marx and Engels deaths Two central chapters survey recent Marxist debates on first the nature of modes of productions including slave feudal and tributary systems and the revolutionary transitions between them and second the methodological debate over the issue of structure and agency in the movement of history Finally he shows the political relevance of these debates through a concluding survey of competing Marxist attempts to periodise the present postmodern conjuncture This book should be read by historians students of cultural social and political theory and anti capitalist activists
