Literature and Ethnicity in the Cultural Borderlands, 2016-08-29 This volume stems from the idea that the notion of borders and borderlines as clear cut frontiers separating not only political and geographical areas but also cultural linguistic and semiotic spaces does not fully address the complexity of contemporary cultural encounters Centering on a whole range of literary works from the United States and the Caribbean the contributors suggest and discuss different theoretical and methodological grounds to address the literary production taking place across the lines in North American and Caribbean culture The volume represents a pioneering attempt at proposing the concept of the border as a useful paradigm not only for the study of Chicano literature but also for the other American literatures The works presented in the volume illustrate various aspects and manifestations of the textual border lands and explore the double voiced discourse of border texts by writers like Harriet

Reading Chican@ Like a Queer Sandra K. Soto, 2010-01-01 A race based oppositional paradigm has informed Chicano studies since its emergence In this work Sandra K Soto replaces that paradigm with a less didactic more flexible framework geared for a queer analysis of the discursive relationship between racialization and sexuality Through rereadings of a diverse range of widely discussed writers from Am rico Paredes to Cherr e Moraga Soto demonstrates that representations of racialization actually depend on the sexual and that a racialized sexuality is a heretofore unrecognized organizing principle of Chican literature even in the most unlikely texts Soto gives us a broader and deeper engagement with Chican representations of racialization desire and both inter and intracultural social relations While several scholars have begun to take sexuality seriously by invoking the rich terrain of contemporary Chicana feminist

literature for its portrayal of culturally specific and historically laden gender and sexual frameworks as well as for its imaginative transgressions against them this is the first study to theorize racialized sexuality as pervasive to and enabling of the canon of Chicana literature Exemplifying the broad usefulness of queer theory by extending its critical tools and anti heteronormative insights to racialization Soto stages a crucial intervention amid a certain loss of optimism that circulates both as a fear that queer theory was a fad whose time has passed and that queer theory is incapable of offering an incisive politically grounded analysis in and of the current historical moment
