Detecting Detection Peter Baker, Deborah Shaller, 2012-06-14 We indulge our fascination with detection in many ways, only some of which occur in the detective story. In fact, modern fiction regularly uses elements of a detective narrative to tell another story, altogether to engage characters, narrators and readers with questions of identity, with examinations of moral and ethical reasoning, with critiques of social and political injustices and with the metaphysics of meaning itself. Detective plots cross cultural and national boundaries and occur in different ways and different genres. Taken together they suggest important contemporary understandings of who and what we are, how and what we aspire to become. *Detecting Detection* gathers writing from the UK, North and South America, Europe and Asia to draw together instances of the detective plot in contemporary fiction. It is unique, not only in addressing the theme, a recurring one in modern literature, but in tracking the interest in detectives and detection across international borders.

[The Chinese Maze Murders](#) Robert van Gulik, 2010-07-15 Poisoned plums, a cryptic scroll, picture-passionate love letters and a hidden murderer with a penchant for

torturing and killing women lead Judge Dee to the heart of the Governor's garden maze and the answers to three interwoven mysteries. *The Chinese Maze Murders* represents Robert van Gulik's first venture into writing suspense novels after the success of *Dee Gong An*, his translation of an anonymous Chinese detective novel from the sixteenth century.
