The New Testament Illustrated:

The Visual Word Patrick Schreiner,2021-06-01 The New Testament shouldn't be complicated So why are we often confused Every Christian wants to love the Bible But let's face it we sometimes get lost in all the names places and doctrines that we find in its pages Who wrote this epistle Which book is about justification Joy Jesus Aren't they all about him The New Testament contains complex ideas and multiple genres Keeping it straight can be hard to do Wouldn't it be nice if somebody who understands the big picture would put it together for us in one place Biblical scholar and seminary professor Patrick Schreiner draws from his years of experience as a teacher to offer a simple and memorable way of understanding Scripture And he doesn't do it by throwing big words at you The contours of the New Testament and its underlying structure are depicted in visual format along with Schreiner's clear explanations In **The Visual Word** the Bible comes alive because you can see it pictured before your eyes By taking a graphic approach you'll notice connections you've never seen before Gain insights you've missed all these years And discover an overall pattern that makes each separate piece fall perfectly into place Don't settle for mere summaries of the New Testament Let Schreiner's concise words and crisp images work together to help you encounter the Living Word in a fresh way
