Once upon a time there lived in a small cottage among some hills a woman with her son and to her great grief the young man though hardly more than twenty years of age had not as much hair on his head as a baby But old as he looked the youth was very idle and whatever trade his mother put him to he refused to work and in a few days always came home again On a fine summer morning he was lying as usual half asleep in the little garden in front of the cottage when the sultan's daughter came riding by followed by a number of gaily dressed ladies The youth lazily raised himself on his elbow to look at her and that one glance changed his whole nature

Olive Fairy Book Andrew Lang, 1950 Twenty nine tales from the folklore of Turkey India Denmark Armenia and the Sudan

The Olive Fairy Book Andrew Lang, 2018-04-29 The stories begin with those which children like best the old Blue Beard Puss in Boots Hop o my Thumb Little Red Riding Hood The Sleeping Beauty and Toads and Pearls These were first collected written and printed at Paris in 1697 The author was Monsieur Charles Perrault a famous personage in a great perruque who in his day wrote large volumes now unread He never dreamed that he was to be remembered mainly by the shabby little volume with the tiny headpiece pictures how unlike the fairy way of drawing by Mr Ford said to be known as Over the wall Ford among authors who play cricket because of the force with which he swipes Perrault picked up the rustic tales which the nurse of his little boy used to tell and he told them again in his own courtly witty

way They do not seem to have been translated into English until nearly thirty years later when they were published in English with the French on the opposite page by a Mr Pote a bookseller at Eton Probably the younger Eton boys learned as much French as they condescended to acquire from these fairy tales which are certainly more amusing than the Telemaque of Messire Francois de Salignac de la Motte Felon tutor of the children of France Archbishop Duke of Cambrai and Prince of the Holy Roman Empire The success of Perrault was based on the pleasure which the court of Louis XIV took in fairy tales we know that they were told among Court ladies from a letter of Madame de Sevigne Naturally Perrault had imitators such as Madame d'Aulnoy a wandering lady of more wit than reputation To her we owe Beauty and the Beast and The Yellow Dwarf Anthony Hamilton tried his hand with The Ram a story too prolix and confused best remembered for the remark Ram my friend begin at the beginning Indeed the narrative style of the Ram is lacking in lucidity Then came The Arabian Nights translated by Monsieur Galland Nobody has translated The Arabian Nights so well as Galland His is the reverse of a scientific rendering but it is as pleasantly readable as the Iliad and Odyssey would be if Alexandre Dumas had kept his promise to translate Homer Galland omitted the verses and a great number of passages which nobody would miss though the anthropologist is supposed to find them valuable and instructive in later scientific translations which do not amuse Later Persian Tales Tales of the Sea and original inventions more or less on the fairy model were composed by industrious men and women They are far too long are novels indeed and would please no child or mature person of taste All these were collected in the vast Fairy Cabinet published in 1786 just before the Revolution Probably their attempt to be simple charmed a society which was extremely artificial talked about the simple life and the state of nature and was on the eve of a revolution in which human nature revealed her most primitive traits in orgies of blood
