Practical Strategies for Applied Budgeting and Fiscal Administration

Spencer C. Weiler, Gabriel R. Serna, 2016-07-18 This book takes an applied approach to budgeting and fiscal administration in P 12 public education It presents new and aspiring P 12 educational leaders with the fundamental knowledge and skills to supervise analyze and implement budgets that make the best and most effective use of limited resources By exploring the foundational elements of fiscal administration and outlining the process step by step this text carefully takes leaders through real world examples and includes myriad opportunities for application Indeed a major goal of this text is to provide readers with a set of technical skills that can be applied across a range of contexts Our expectation is that current and future P 12 budget managers and educational leaders will find this text invaluable in their day to day work and that the material presented here will help them engage in fruitful decisions around the allocation of scarce resources

Higher Education, Fiscal Administration, and Budgeting Gabriel R. Serna, Spencer C. Weiler, 2016-08-09 This book takes an applied approach to budgeting and fiscal administration in higher education It presents new and aspiring leaders in higher education and student affairs with the fundamental knowledge and skills to supervise analyze and implement budgets that make the best and most effective use of limited resources By exploring the foundational elements of fiscal administration and outlining the process step by step this text carefully takes leaders through real world examples and includes myriad opportunities for application Indeed a major goal of this text is to provide readers with a set of technical skills that can be applied across a range of contexts Our expectation is that current and future higher education and student affairs leaders will find this text invaluable in their day to day work and that the material presented here will help them engage in fruitful decisions around the allocation of scarce resources

Volatility in State Spending for Higher Education Jennifer A. Delaney, 2023-10-30

The severity of cuts and the unpredictability in state funding for higher education have garnered headlines across the nation since the turn of the present century. In this context, the authors in this new groundbreaking volume argue that too little attention is paid to the consequences of volatility in funding as most discussions focus on levels of funding. Their research addresses an important blind spot in the academic literature since predictability matters to institutions, students, families, and states. In addition, the risks of operating in an uncertain financial environment have led to behaviors that are not always in the best interests of states, institutions, faculty, students, or the public good.

CCNP and CCIE Collaboration Core CLCOR 350-801 Official Cert Guide Jason Ball, 2023-11-08.
