Tao Te Ching Lao Tzu,1989-08-28 The most accessible and authoritative modern English translation of this esoteric but infinitely practical bestselling book No one has done better in conveying Lao Tsu s simple and laconic style of writing so as to produce an English version almost as suggestive of the many meanings intended Alan Watts For nearly two generations Gia fu Feng and Jane English s bestselling translation of the Tao Te Ching has been the standard for those seeking access to the wisdom of Taoist thought Now Jane English and her long time editor Toinette Lippe have revised and refreshed the translation so that it more faithfully reflects the Classical Chinese in which it was first written taking into account changes in our own language and eliminating any lingering infelicities They have retained the simple clarity of the original rendering of a sometimes seemingly obtuse spiritual text a clarity that has made this version a classic in itself selling over a million copies Written most probably in the sixth century B C by Lao Tsu this esoteric but infinitely practical book has been translated into English more frequently than any other work except the Bible Gia fu Feng and Jane English s superb translation offers the essence of each word and makes Lao Tsu s teaching immediate and alive This edition includes an introduction and notes by the well known writer and scholar of philosophy and comparative religion Jacob Needleman

The Tao of the Tao Te Ching Michael LaFargue,2010-03-31 In this new translation and commentary LaFargue interprets the concept of Tao in the Tao Te Ching as a spiritual state of mind cultivated in a particular school in ancient China a state of mind which also expressed itself in a simple but satisfying life style and in a low key but effective style of political leadership The interpretation offered here is not only historically accurate but also conveys the spiritual depth of the Tao Te Ching and its contemporary relevance The translation is made transparent by a design that presents all of the commentary on the page facing the relevant text
