Marketing, customer service, quality products, and more are required to make a business successful, but when it comes to creating real and lasting wealth, decisions regarding this key secret will have the greatest impact. As both a small business lender and a small business owner himself, Chris Hurn has a bird's-eye view of how businesses create wealth, as well as an in-the-trenches perspective on the tough decisions that must be made if a business is to go from good to great. In *The Entrepreneur's Secret to Creating Wealth*, Chris explains the myriad of factors and variables involved in this significant wealth creation strategy. Plenty of books describe how entrepreneurs can create more ideas or have happier employees. But no other business book outlines in such detail or with such authority how to actually develop the wealth behind the business.
