Design, California State Library. Foundation, 1989 **The Architecture Student's Handbook of Professional Practice** American Institute of Architects, 2011-09-26 Written by The American Institute of Architects this is the definitive textbook on practice issues written specifically for architecture students Specifically written for emerging architects this is the first unabridged guide specifically for architecture students about to begin their careers It is required reading in a professional practice course that architecture students must take within their final two years of school *The Computer Graphics Interface* Karla Steinbrugge Chauveau, Janet S. Chin, Theodore Niles Reed, 2014-05-16 The Computer Graphics Interface provides a concise discussion of computer graphics interface CGI standards The title is comprised of seven chapters that cover the concepts of the CGI standard Figures and examples are also included The first chapter provides a general overview of CGI this chapter covers graphics standards functional specifications and syntactic interfaces Next the book discusses the basic concepts of CGI such as inquiry profiles and registration The third chapter covers the CGI concepts and functions while the fourth chapter deals with the concept of graphic objects Chapter 5 discusses segments while Chapter 6 tackles raster devices The last chapter covers mechanism for manipulating graphic objects through the use of input output devices The text will be of great use to both novice and expert computer graphics artist particularly those who are involved in designing user interface **Governing by Design** Aggregate Architectural History Collaborative, 2012-04-29 Governing by Design offers a unique perspective on twentieth century architectural history It disputes the primacy placed on individuals in the design and planning process and instead looks to the larger influences of politics culture economics and globalization to uncover the roots of how our built environment evolves In these chapters historians offer their analysis on design as a vehicle for power and as a mediator of social currents Power is defined through a variety of forms modernization obsolescence technology capital ergonomics biopolitics and others The chapters explore the diffusion of power through the establishment of norms and networks that frame human conduct action identity and design They follow design as it functions through the body in the home and at the state and international level Overall Aggregate views the intersection of architecture with the human need for what Foucault termed governmentality societal rules structures repetition and protocols as a way to provide security and tame risk Here the conjunction of power and the power of design reinforces governmentality and infuses a sense of social permanence despite the exceedingly fluid nature of societies and the disintegration of cultural memory in the modern era
