Multicultural Resources for Children Margaret S. Nichols, Margaret N. O'Neill, 1977 *Anime* Jonathan

Clements, 2023-08-24 Japanese animation is at the nexus of an international multimedia industry worth over 23.6 billion a year linked to everything from manga to computer games, Pokémon and plushies. In this comprehensive guide, Jonathan Clements chronicles the production and reception history of the entire medium from a handful of hobbyists in the 1910s to the Oscar-winning *Spirited Away* and beyond. Exploring the cultural and technological developments of the past century, Clements addresses how anime's history has been written by Japanese scholars and covers previously neglected topics such as wartime instructional animation and work for hire for American clients. Founded on the testimonies of industry professionals and drawing on a myriad of Japanese language documents, memoirs, and books, *Anime: A History* illuminates the anime business from the inside, investigating its innovators, its unsung heroes, and its controversies. This new edition has been updated and revised throughout with full colour illustrations and three new chapters on anime's fortunes among Chinese audiences and subcontractors, 21st century trends in otaku economics, and the huge transformations brought about by the rise of global streaming technology.
