Werner Rettig,2010-02-11 A stork so I was told brought me to my grand parents house in Rimbach i O Germany on March 15
1931 In 1933 when I was two years old we moved to Weinheim an der Bergstrasse There I went to school and I still wonder
today how we managed to learn anything Most of the time we were sitting in the basement because of air raids In 1945 when
the war was still going on I started my apprenticeship as an industrial electrician I had a few hair raising moments during the
war including the time when we found an unexploded bomb Foolishly we put the darn thing on four heavy branches and
made a fire under it The height of stupidity was that we danced around it singing African war songs I suppose my time wasn t
up otherwise I wouldn t be writing this In 1951 I decided to seek greener pastures in Canada We arrived in Halifax in
November and took the train to Winnipeg During that train ride we got a glimmer of the vastness of the country We had only
summer clothing and were very cold therefore our first purchases were heavy underwear and a Russian fur hat Luckily we
didn t have to stay in Winnipeg very long because we got a job in a logging camp west of Calgary We worked there for six
weeks before we got fired Altogether we had four jobs in Alberta In the summer of 1951 we decided to follow that old saying
go West young man We had several jobs in Vancouver before I split up with my partner and headed for Alta Lake A sawmill
needed men and I helped them out They shut down for the winter and when I returned to Vancouver a sawmill in Youbou
Vancouver Island was looking for workers and they accepted my application And this is how I found myself on Vancouver
Island one of the nicest places on the Planet I started out as a labourer became a fireman in the powerhouse and finally I
could work as an electrician again In 1957 the girls in the hen house as it was called put on a birthday party for me and
invited some of their friends Among them was a cute redhead it was love at first sight and eight weeks later we were married
Things happened so fast that I forgot to tell my parents I wrote a letter but didn t know how to approach the subject at the

very end I wrote By the way I got married too in the meantime This didn't sit very well with my Mother my Dad told me that she cried for a couple of weeks We decided to have our honeymoon in Germany in order to introduce my lovely wife and see my family It was a lot of fun visiting my parents and relatives Some had vineyards and wine cellars and it was very enjoyable to sample their produce After Carol learned a bit of German we visited other parts of Germany too Back home again I found a new job in Honeymoon Bay and I worked there till the mill shut down in 1981 In the meantime we bought some lakefront property and built a small cabin Later on I saw some acreage for sale Carol and I went over it and decided to buy it This land became our home stead we cleared the land built a small sawmill and raised three children there We also raised rabbits chickens geese and ducks We had some funny moments with our animals Nadine our oldest daughter was learning to play the tuba in school and brought the instrument home occasionally We had free ranging chickens at the time and she would play for them near the chicken house The chickens would stand around her in a circle and listened with full attention In 1981 the mill shut down and the company arranged for a welding course for any employee that wanted to participate I did and found that I really enjoyed welding This allowed me to build all kinds of machines some of which can be seen in the picture section of this book I included the recipe for OSM organic soil microbes in this edition Here are some reader's comments The book is well put together easy to read and hard to put down This is awesome thank you for sharing it with us

Operation & Maintenance, 1909 **Steel Shards** Bidwell Moore, 2002-11-22 This is the story of a special type of men and women those who seek to return to society a portion of the good fortune they have earned and received in their own lives They are called Lions and since 1917 have actively

engaged in constructing an organization that has evolved into one of the world's most powerful forces for humanitarian progress. The International Association of Lions Clubs. It is today comprised of nearly 1.3 million members in over 45,000 Lions clubs active in 202 lands spanning the globe. They speak scores of languages and represent diversified cultures. In spirit, however, they speak a common language: the language of voluntary service responding to an inner drive to answer human needs and to improve living conditions in their own communities and the world community. This book expands upon the history of Lions Clubs International published in 1991 as *We Serve: The History of the Lions Clubs*. It chronicles the development of the association from its birth in 1917 at Chicago's LaSalle Hotel in June of that year and at its first convention at the Adolphus Hotel in Dallas later in October. It relates 90 years of the association's life span and emphasizes the work of Lions on the world scene, including the tremendous success of the Lions Clubs International Foundation SightFirst Campaigns, SightFirst I and II programs for youth, and other activities that have elevated the stature of Lions wherever they serve. Readers will be impressed with the accomplishments of the membership, and Lions will be moved to take greater pride in wearing the lapel pin of the association. Non-Lions will come to understand fully the ideals and determination of those to whom voluntary service has become a way of life.
