The Gnomes of Knot-hole Manor Adele Marie Crouch, Yakeen Herve Rafalli, 2011-08-01 Have you ever seen something out of the corner of your eye When you turned your head was it gone Could it have been a shadow No there was nothing there to cast a shadow Maybe it was a fly or a moth Or Maybe it was a Gnome Do you believe in Gnomes Go on a camp out with Jeff and Brenda Follow them in their search for the elusive Gnomes of Knot Hole Manor *The Dance of the Caterpillars* Adele Marie Crouch, Yakeen Herve Rafalli, 2011-08-01 While watching her Chinese immigrant son in law learn the English language it became apparent to the author that prepositions are one of the most difficult concepts to comprehend Therefore *The Dance of The Caterpillars* was written as a fun way to teach prepositions This exciting children s book contains twenty two prepositions one two word multiple and two three word multiples It is destined to become a valuable learning tool for children as well as English as a second language students **Alphabet Alliteration** Adele Marie Crouch, 2012-05-01 Are

you ready for a new way to learn the alphabet This isn t your average A B C s Those of you who remember She sells seashells by the seashore will enjoy this book immensely A twist has been added to the basic A is for apple that will make learning the alphabet crazy fun Alliteration has been used for each letter of the alphabet Alliteration is the repetition of initial consonant sounds in two or more neighboring words *How the Fox Got His Color* Adele Marie Crouch, Megan Gibbs, Yakeen Herve Rafalli, 2011-08-01 This delightful little story tells of a young girl s time with her grandmother as she relates a legend of how a mischievous little white fox with all his grand adventures became the red fox we all know today *How the Fox got His Color* may well become an all time children s classic and a perfect book for the young reader English as a second language students will enjoy it as a valuable study tool as well as those learning a foreign language There are between 7 and 13 main regional groups of Chinese depending on classification scheme of which the most spoken by far is Mandarin with about 850 million speakers The Chinese language has over 1 million speakers in the United States Romanization is the process of transcribing a language into the Latin script There are many systems of Romanization for the Chinese languages due to the lack of a native phonetic transcription until modern times Chinese is first known to have been written in Latin characters by Western Christian missionaries in the 16th century Today the most common Romanization standard for Standard Chinese is Hanyu Pinyin The entire Chinese character corpus since antiquity comprises well over 20 000 characters of which only roughly 10 000 are now commonly in use However Chinese characters should not be confused with Chinese words since most Chinese words are made up of two or more different characters there are many times more Chinese words than there are characters Our translator Bin Hu brings a range of culturally nuanced vocabulary from his unique life experiences to his translations He was raised in old Beijing and worked in the professional capital Due to his diverse life experience he understands a range of Chinese from formal classic Mandarin to street slang He has replicated his rural urban mix of lifestyles in the U S living in Arizona ranching country and Washington D C This range of lifestyles has gifted him with an

equal range of vocabularies situational terms and phrases in both languages and cultures Thank you Bin for your willingness to help us bring children s books to Chinese speakers As well as including the Pinyin in your translations
