Dramatic Structure in the Contemporary American Theatre Robert Andreach, 2020-11-21 In this follow up to his 2012 The Contemporary American Dramatic Trilogy Robert J Andreach continues his unique study of dramatic structure as evidenced through the overarching themes of contemporary American trilogies The themes of the first play in a trilogy he shows can be far different from those developed as the sequence continues citing examples from playwrights as varied as David Rabe and the Pulitzer Prize winning Quiara Alegria Hudes Looking at the ways structure in a tragedy can be substituted for the Aristotelian plot Andreach makes clear that because creating or reinventing oneself can be such a primary motivating force

in American culture a character's failed attempt to change the structure or plot of his or her life may indeed be tragic. The dramatic trilogy has been flourishing for some time now in new works and revivals of older ones by American, British, and European playwrights with examples such as the Hunger Games trilogy and the Fifty Shades trilogy moving more recently even into the popular sphere. Combining his skills as both a professional reviewer of theater and a literary critic, Robert Andreach is in a unique position to provide coherence to what most observers perceive as an unrelated welter of contemporary theatrical experiences.

The Oberon Anthology of Contemporary American Plays Ann Marie Healy, Nick Jones, Suzan-Lori Parks, Adam Rapp, 2018-10-04. The second volume in this series brings together some of the best new writing from contemporary American playwrights. Each play is introduced by critically acclaimed writers themselves.

THE BOOK OF GRACE by Suzan-Lori Parks. Introduced by Oskar Eustis. Portrays a dysfunctional American family where anger and mistrust are symptoms of historical abuse.

WHAT ONCE WE FELT by Ann Marie Healy. Introduced by Paula Vogel. Is set in a mysterious parallel universe where Macy is the last ever author to be published in print; the system has an underclass named the Tradepack and a woman can only have a baby if she possesses the right kind of scan card.

Andreach, 2014-07-16 This book refutes the claim that tragedy is no longer a vital and relevant part of contemporary American theatre *Tragedy in the Contemporary American Theatre* examines plays by multiple contemporary playwrights and compares them alongside the works of America's major twentieth century tragedians Eugene O'Neill Arthur Miller and Tennessee Williams The book argues that tragedy is not only present in contemporary American theatre but issues from an expectation fundamental to American culture the pressure on characters to create themselves *Tragedy in the Contemporary American Theatre* concludes that tragedy is vital and relevant though not always in the Aristotelian model the standard for traditional evaluation Programs University of Michigan. The Bodies of Others Selby Wynn Schwartz, 2019-03-15 *The Bodies of Others* explores the politics of gender in motion. From drag ballerinas to faux queens and from butoh divas to the club mothers of modern dance, the book delves into four decades of drag dances on American stages. Drag dances take us beyond glittery one liners and into the spaces between gender norms. In these backstage histories, dancers give their bodies over to other selves, opening up the category of realness. The book maps out a drag politics of embodiment, connecting drag dances to queer hope, memory, and mourning. There are aging toiles, midnight shows, mystical spaces, and all of the dust and velvet of divas in their dressing rooms. But these forty years of drag dances are also a cultural history, including Mark Morris dancing the death of Dido in the shadow of AIDS and the swans of Les Ballets Trockadero de Monte Carlo sketching an antiracist vision for ballet. Drawing on queer theory, dance history, and the embodied practices of dancers themselves, *The Bodies of Others* examines the ways in which drag dances undertake the work of a shared queer and trans politics.

The Lost Queen of Crocker County Elizabeth Leiknes, 2018-07-10 For fans of books like *THE READERS OF BROKEN WHEEL*, we recommend a feel good story of going home again to get things right. Crocker County crowns a new Corn Queen every year, but Jane Willow is the one you would remember. She can't forget Iowa either. Even though she fled to LA to become a film critic years ago, home was always there behind her. But when a family tragedy happens, she's forced to drive back to Crocker County. The rolling farmlands can't much hide the things she left behind: the best friend she abandoned who now runs a meatloaf hotline, the childhood front porch that sits hauntingly empty, and that fiasco of a Corn Fest that spun her life in a different direction. Before Jane can escape her past, a second time disaster strikes, and she will have to find a way to right her mistakes and save herself from her regrets. An unflinchingly love letter to the Midwest that unfolds through a celebration of movies, this ferociously endearing novel brings home the saving grace of second chances.

The Mythology of Dance Harry Eiss, 2013-09-18 The lights dim, and soon the theatre becomes dark. The audience conversations end with a few softly dissipating whispers, and the movie begins. Nina Sayers, a young ballerina, dances the prologue to Tchaikovsky's *Swan Lake*, a ballet expressing a story drawn from Russian folk tales about a princess who has been turned into a White Swan and can only be turned back if a man swears eternal fidelity to her. However, this is not that ballet. This is the beginning of *Black Swan*, a controversial movie employing symbolism in a complex interweaving of dance and film to reveal the struggles and paradoxes of everything from a female rite of passage to questions about where artistic expression should demand self-sacrifice and

whether such sacrifice is worth the price The dance floor is the stage of life the place where physical actions take on the symbolic meanings of mythology and express the deepest archetypes of the human mind This book explores how dance gives shape to those human needs and how it reflects and even creates the maps of meaning and value that structure our lives Though the volume looks at all the forms of dance it focuses on three main categories in particular religious social and artistic Since the American Musical and subsequent Musical Videos have both reflected and influenced our current world they receive the most space such acclaimed performers as Fred Astaire Gene Kelly Judy Garland Ricky Nelson Elvis Presley and Michael Jackson such important composers and lyricists as Gershwin Rodgers and Hammerstein Porter Berlin Webber Bernstein the Beatles and the Who and such choreographers as Graham Balanchine Robbins and Fosse are examined in particular detail
