The Hollow Men A Study In The Politics Of Deception:

The hollow men : a study in the politics of deception Nicky Hager, 2006 **Contemporary Politics in Australia** Rodney Smith, Ariadne Vromen, Ian Cook, 2012-02-02 A diverse range of experts provide a comprehensive introduction to current theories debates and research in Australian political science **The Piketty Phenomenon** Geoff Bertram, Simon Chapple, Donal Curtin, Brian Easton, Max Harris, Tim Hazledine, Bernard Hickey, Prue Hyman, Hautahi Kingi, Gareth Morgan, Matt Nolan, Max Rashbrooke, Susan St John, Robert Wade, Cathy Wylie, 2014-10-23 Few books have had the global impact of Thomas Piketty's *Capital in the Twenty First Century*. An overnight bestseller, Piketty's assessment that inherited wealth will always grow faster on average than earned wealth has energised debate. Hailed as bigger than Marx, *The Economist* or dismissed as medieval, *Wall Street Journal* the book is widely acknowledged as having significant economic and political implications. Collected in this BWB Text are responses to this phenomenon from a diverse range of New Zealand economists and commentators. These voices speak independently to the relevance of Piketty's conclusions. Is New Zealand faced with a one way future of rising inequality? Does redistribution need to focus more on wealth rather than just income? Was the post war Great Convergence merely an aberration and is our society doomed to regress into a new Gilded Age?

Ineffective Policies Ian Roberge, Heather McKeen-Edwards, Malcolm Campbell-Verduyn, 2025-04-29 Available open access digitally under CC BY NC ND licence. Bad policies have repercussions that can be felt for decades. But what makes a bad policy? And how can it be reversed or improved? Bringing together scholars from Europe and North America, this book goes beyond traditional policy theory to study bad and ineffective policies across three fields: the environment, the financial services sector and emerging technologies. Using cutting edge research and analysis, the editors and authors state the case for studying ineffective policies, demonstrate their harmful effects across policy fields and provide policy makers with the tools to reflect, identify and act upon them.

A Populist Exception? Jack Vowles, Jennifer Curtin, 2020-08-10 The spectre of populism might be an apt description for what is happening in different parts of the world, but does it apply to New Zealand? Immediately after New Zealand's 2017 general election, populist party New Zealand First gained a pivotal role in a coalition with the Labour Party, leading some international observers to suggest it represented a populist capture of the government. The leader of New Zealand First, Winston Peters, justified his support for Labour as necessary to allow capitalism to regain its human face. The new prime minister, Jacinda Ardern, spoke of a kinder, inclusive politics. This book draws on the 2017 New Zealand Election Study to uncover New Zealanders' political attitudes and preferences post election. Its authors ask: is New Zealand now a Populist Exception? Through detailed empirical analyses of how populism and authoritarianism affected vote choice, opinions about immigration, satisfaction with democracy and the relevance of gender and indigeneity to these issues, this book finds that New Zealand politics today does not reflect the international trend toward ideological polarisation and electoral volatility. The authors argue that inclusive forms of populism can be pluralist if a leader's rhetorical approach

recognises the people as diverse and encompassing A Populist Exception concludes that although populism has long been a strong current in New Zealand history contemporary New Zealand exhibits a moderate form of populism with liberal and pluralist values in balance with a strong commitment to majoritarian democracy **Mediating Faiths** Guy
