The Incarnation Of The Word:

On the Incarnation of the Word of God Saint Athanasius (Patriarch of Alexandria), 2011-05-11 On the Incarnation of the Word of God By St Athanasius Forward by Dr Tom Morris Nothing except the Resurrection of Jesus Christ is a greater miracle or wonder in human history God becoming flesh in human history is the greatest marvel Avatar is what this is called in Hindu religious tradition Jesus of Nazareth was foretold in the Torah and the Prophets centuries before his appearance and he was proved to be real and not a pretender due to his death and Resurrection The early church grappled with all of this intellectually Many heresies were confronted answered and dismissed Throughout the 2000 plus years of church history many of the early church heresies have reappeared over and over again Whether you are Catholic or Protestant the answers are from the Word of God

On the Incarnation of the Word of God (Hardcover) St Athanasius, 2018-07-25 On the Incarnation of the Word of God is an ancient text by Saint Athanasius who expounds upon the divine and eternal wisdom offered by Lord First penned during the early 4th century AD this early book of Christian wisdom is both an inspiring reflection upon the spiritual tenets of the faith and a stern rebuke to the ideas of Arianism which at the time were opposed widely by the early Christian church For following his beliefs St Athanasius also suffered condemnation from an antagonistic Roman Empire which at the time had not converted to Christianity under the guidance of Emperor Constantine Athanasius thought that believers of Christianity had the power to unite themselves and devote their collective praise to Jesus Christ whose pureness of virtue is beyond any other Earthly being By so devoting themselves to the Son of God believers in the tenets and doctrine of Christian lore could ascend to immortality in the next life

On the Incarnation of the Word Saint Athanasius, 2024-01-04 Regarded as one of the greatest theological works of antiquity Saint Athanasius treatise On the Incarnation of the Word rightfully deserves its status as a pillar of Christendom First authored in the 4th century A D this book systematically expounds orthodox Christian conviction regarding the full divinity and humanity united in Jesus Christ Emerging from an era of immense controversy surrounding the divine human nature of the Son of God Athanasius provided a robust defense for the doctrinal conclusions championed at the Councils of Nicaea and Constantinople This included affirmation of Christ as sharing the Divine Word s uncreated existence outside of time and space itself Additionally the text unpacks the profound implications of the Word willingly constraining omnipotence within the confines of human flesh and biology to achieve salvation for mankind Through the Incarnation Athanasius underscores that the Word retains His divine nature while taking on the fullness of human nature as well two natures co existing in the singular person of Jesus without dilution It is only through Him in His complete incarnation that the pathway opens for renewed communion between the Eternal God and temporal mortal humanity The transcendent Lord entered immanence that we might receive adoption into His transcendence across dispensations still to come In the subsequent thousand years since its writing Athanasius Christological tour de force continued shaping theological conversation and church doctrine East and West Successive

church councils and writings revisited its themes again and again Both Protestant and Catholic thinkers rediscovered this short but powerful book across eras finding its specific vocabulary and refined logic essential in articulating orthodoxy during outbreaks of revival renewal and even heresy throughout Christian history For this proven authority and timelessness On the Incarnation retains immovable status as one of merely a handful of texts essentially prerequisite to grasp for all desiring even basic fluency in classical Christian theology Any serious student of Patristic thought requires Athanasius as companion on their journey toward loving the Godhead and church more profoundly De Incarnatione Verbi Dei Saint Athanasius (Patriarch of Alexandria),1887 **The Incarnation of the Word** Jack Ashcraft,2014-11-06 Here then Macarius is our offering to you who love Christ a brief statement of the faith of Christ and of the manifestation of His Godhead to us This will give you a beginning and you must go on to prove its truth by the study of the Scriptures They were written and inspired by God and we who have learned from inspired teachers who read the Scriptures and became martyrs for the Godhead of Christ make further contribution to your eagerness to learn St Athanasius **The Incarnation of the Word by St Athanasius** St George Monastery,Anna Skoubourdis,Monaxi Agapi,2020-05-02 Famous work by St Athanasius on the incarnation of God into man in the form of Jesus Christ **The Incarnation of the Word of God** Atanasi (sant, patriarcha d'Alexandria),1946 **The Incarnation of the Word of God** St. Athanasius,2013-06-08 Athanasius was born in the later half of AD 299 and died in AD 373 During this time in 325 one of the most important Church meetings in history took place second probably only to the Jerusalem Council Convened by Constantine the Council of Nicaea s primary task was seeking unity in all Christendom on the nature of the person of Jesus and his relation to the Father While we mostly take it for granted today most of what is now considered orthodox Christian doctrine were once items up for debate At the council of Nicaea there were two views on the person of Christ being debated The first was that of Arius who believed that the Son was a created creature albeit the first created and not God This makes sense if Jesus is the Son he must then come after the father Colossians calls him the firstborn of all creation Arius argued that the Son was created from nothing and then he was the creator of all other things This made him a finite being as well as a being capable of wrong The second view and the one the council decided on was that of St Alexander Bishop of Alexandria Alexander argued that the Father s attributes are eternal even his fatherhood and so he has always had the Son with him Technically he said the son was begotten and not created Begotten of the same substance as the Father This meant he was God and equal with the Father Alexander had assistants at the council the most notable of which was a 26 year old deacon by the name of Athanasius Athanasius would spend the rest of his life fighting the Arian heresy He did this most notably through his work On the Incarnation On the Incarnation is the second half of a two part treatise and in it Athanasius covers creation the fall and the incarnation and resurrection as well as some refutations to common objections from Jews and Greeks regarding the Son or as he calls him the God Word **The Incarnation of the Word of God** St. Athanasius,1944 **The Incarnation of the Word** Edward

Morgan,2010-06-03 An exploration of three of Augustine's central texts the De Trinitate the De Doctrina Christiana and the Confessions elucidate the principles of Augustine's theology of language This is done in a systematic manner which previous scholarship on Augustine has lacked Augustine's principles are revealed through a close reading of these three core texts Beginning with the De Trinitate the book demonstrates that Augustine's inquiry into the character of the human person is incomplete For Augustine there is a void without reference to the category of human speech the very thing that enables him to communicate his theological inquiry into God and the human person in the De Trinitate From here the book examines a central work of Augustine that deals with the significance of divine and human speech the De Doctrina Christiana It expounds this text carefully showing three chief facets of Augustinian thought about divine and human communication human social relations human self interpretation using scripture and preaching the public communication of God's word It accepts the De Doctrina Christiana as laying theoretical foundations for Augustine's understanding of the task of theology and language's meaning and centrality within it The book then moves to Augustine's Confessions to see the principles of Augustine's theology of language enacted within its first nine books Augustine's conversion narrative is analysed as a literary demonstration of Augustine's description of human identity before God showing how speech and human social relations centrally mediate God's relationship to humanity For Augustine human identity properly speaking is confessional The book returns to the De Trinitate to complete its analysis of that text using the principles of the theology of language uncovered in the De Doctrina Christiana and the Confessions It shows that the first seven books of that text and its core structure move around the principles of the theology of language that the investigation has uncovered To this extent theological inquiry for Augustine the human task of looking for God is bound up primarily within the act of human speech and the social relations it helps to compose The book closes with reflection on the significance of these findings for Augustinian scholarship and theological research more generally

Incarnation of the Word Athanasius of Alexandria,2017-02-09 Now true lover of Christ we must take a step further in the faith of our holy religion and consider also the Word's becoming Man and His divine Appearing in our midst That mystery the Jews traduce the Greeks deride but we adore and your own love and devotion to the Word also will be the greater because in

His Manhood He seems so little worth For it is a fact that the more unbelievers pour scorn on Him so much the more does He make His Godhead evident The things which they as men rule out as impossible He plainly shows to be possible that which they deride as unfitting His goodness makes most fit and things which these wiseacres laugh at as human He by His inherent might declares divine Thus by what seems His utter poverty and weakness on the cross He overturns the pomp and parade of idols and quietly and hiddenly wins over the mockers and unbelievers to recognize Him as God Excerpt from *On the Incarnation of the Word*
