There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce A Brief Guide to Ghost Hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories A Ghost Hunting Survey makes use of interviews with those billing themselves

as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more A dictionary of English authors, biographical and bibliographical Robert Farquharson Sharp,1897 Finding List of English and French Prose Fiction Detroit Public Library,1905 **The Saddle and Show Horse Chronicle** ,1922 The Ghost Hunter's Field Guide Rich Newman,2014-05-08 The Ghost Hunter s Field Guide features over 1 000 haunted places around the country in all fifty states that you can investigate yourself Experience ghostly activity at battlefields theaters saloons hotels museums resorts parks and other spooky sites all of which are completely safe and accessible From Alabama to Wyoming you ll find out where to go to glimpse the unquiet spirits of Civil War soldiers plantation slaves criminals and other entities This alphabetized reference guide features over 100 photos and for each location includes the fascinating tales behind the haunting Flip to your state to see what kind of paranormal phenomena commonly occur at each site apparitions shadow shapes phantom sounds and scents residual hauntings psychokinetic activity and more Ford s Theatre The Whaley House Museum The Lizzie Borden Bed and Breakfast Alcatraz Island The Queen Mary The Bell Witch Cave **The English Catalogue of Books [annual].** ,1863 Vols 1898 include a directory of publishers *Shakespeare's Ghosts Live* Adrian Parker-Reed,Annekatrin Puhle,2017-03-07 Shakespeare has been one of the most cited authors since his plays were performed and yet little attention has been paid to his views on psychic phenomena It took another 300 years of paranormal experiences before scholars at Cambridge University helped to found the Society for Psychical Research which brought scientific scrutiny to the area and the UK is now a world leader in university research on this topic This book throws new light on many historical case reports from Shakespeare s time onwards It identifies the core experiences that transcend time and give clues to an understanding of psychic phenomena The book highlights Shakespeare s insights showing how these relate to and even amplify the conclusions of later and on going research In our time of disconnectedness from nature the book discusses neglected human experiences which represent an important part of life and which do in fact occur to most of us In doing so the book raises awareness against the emptiness of a zombie like existence in today s society and offers a new approach to life and death and their deeper meaning The Ghost Hunter's Guidebook Troy Taylor,1999-08 Covers ghost hunting investigation techniques detection equipment spirit communication cameras and photo analysis historical research and more
