The Good Mother:

The Good Mother Myth Nancy Reddy, 2025-01-21 Timely and thought provoking Nancy Reddy unpacks and debunks the bad ideas that have for too long defined what it means to be a good mom When Nancy Reddy had her first child she found herself suddenly confronted with the ideal of a perfect mother a woman who was constantly available endlessly patient and immediately invested in her child to the exclusion of all else Reddy had been raised by a single working mother considered herself a feminist and was well on her way to a PhD Why did doing motherhood right feel so wrong For answers Reddy turned to the mid 20th century social scientists and psychologists whose work still forms the basis of so much of what we believe about parenting It seems ludicrous to imagine modern moms taking advice from midcentury researchers Yet their bad ideas about so called good motherhood have seeped so pervasively into our cultural norms In *The Good Mother Myth* Reddy debunks the flawed lab studies sloppy research and straightforward misogyny of researchers from Harry Harlow who claimed to have discovered love by observing monkeys in his lab to the famous Dr Spock whose bestselling parenting guide included just one 1 illustration of a father interacting with his child This timely and thought provoking book will make you laugh cry and want to scream sometimes all at once Blending history of science cultural criticism and memoir *The Good Mother Myth* pulls back the curtain on the flawed social science behind our contemporary understanding of what makes a good mom

The Good Mother Myth Avital Norman Nathman, 2013-12-31 In an era of mommy blogs Pinterest and Facebook *The Good Mother Myth* dismantles the social media fed notion of what it means to be a good mother This collection of essays takes a realistic look at motherhood and provides a platform for real voices and raw stories each adding to the narrative of motherhood we don't tend to see in the headlines or on the news From tales of mind bending panic inducing overwhelm to a reflection on using weed instead of wine to deal with the terrible twos the honesty of the essays creates a community of mothers who refuse to feel like they're in competition with others or with the notion of the ideal mom they're just trying to find a way to make it work With a foreword by Christy Turlington Burns and a contributor list that includes Jessica Valenti Sharon Lerner Soraya Chemaly Amber Dusick and many more this remarkable collection seeks to debunk the myth and offer honest perspectives on what it means to be a mother

The Good Mother Susan Goodwin, Kate Huppertz, 2010 *The Good Mother* brings together essays on the contemporary relevance of the good mother in Australia Although the ideals of the good mother change with time fashion and context they persist in public policy the media popular culture and workplaces They place pressure on women to conform to particular standards against which they are judged and judge themselves This book captures the diversity of contemporary women's experiences Chapters address the experiences of executive mothers mothers working in manual trades yummy mummies and slummy mummies low income mothers single mothers Indigenous mothers lesbian parents adoptive mothers and mothers negotiating schools and school choice The essays demonstrate that while the good mother is no longer exclusively white heterosexual economically dependent and child

Overlapping Inequalities in the Welfare State Başak Akkan,Julia Hahmann,Christine Hunner-Kreisel,Melanie Kuhn,2024-06-18 The volume stresses the relevance of the intersectionality framework in welfare state analysis by examining overlapping inequalities within the shifting institutional boundaries and organisational processes across diverse welfare settings The volume explores the strengths and challenges of theoretical and methodological approaches to intersectionality addressing its spatial temporal and comparative dimensions It therefore adopts a critical and process focused approach while recognising the agency of individuals as subjects of state policies The contributions critically build the link between intersectionality and other theoretical frameworks and research paradigms including Marxist social reproduction theory critical race studies Bourdieuan analysis of class critical geography childhood queer migration and disability studies The contributions provide insights into the institutional realms of health education social services and care work and examine state practices of racial profiling and policing in distinct welfare states Overall the contributions illustrate the strengths of the intersectionality framework in empirical inquiries while providing critical reflections on its limitations Readers across a

diverse array of social science disciplines will find this book valuable Feminist Mothering Andrea O'Reilly, 2008-10-09
 Feminist Mothering goes beyond critiques of patriarchal motherhood to locate and investigate feminist maternal practices as sites for women's empowerment and social change. The contributors see feminist mothering as practices of mothering that seek to challenge and change the norms of patriarchal motherhood that are limiting and oppressive to women. For many women practicing feminist mothering offers a way to disrupt the transmission of sexist and patriarchal values from generation to generation. Contributors explore the ways in which women integrate activism, paid employment, nonsexist childrearing practices, and non-child-centered interests in their lives and other caregivers into their children's lives in order to challenge existing societal inequality and create new egalitarian possibilities for women, men, and families *African American Daughters and Elderly Mothers* Sharon Hines Smith, 2021-12-12
 First published in 1998, the death of an elderly person and its impact on an adult child is considered so normal that it has attracted scant attention. This study attempts to fill that gap by examining a specific slice of a specific ethnic group and looking at the meaning of elderly mothers' deaths for their adult African American daughters from the perspective of those daughters Relational Psychoanalysis, Volume 5 Lewis Aron, Adrienne Harris, 2014-01-27
 Building on the success and importance of three previous volumes, *Relational Psychoanalysis* continues to expand and develop the relational turn. Under the keen editorship of Lewis Aron and Adrienne Harris and comprised of the contributions of many of the leading voices in the relational world, Volume 5 carries on the legacy of this rich and diversified psychoanalytic approach by taking a fresh look at the progress in therapeutic process. Included here are chapters on transference and countertransference, engagement, dissociation, and self-states; analytic impasses, privacy and disclosure, enactments, improvisation, development, and more. Thoughtful, capacious, and integrative, this new volume places the leading edge of relational thought close at hand and pushes the boundaries of the relational turn that much closer to the horizon. Contributors: Lewis Aron, Anthony Bass, Beatrice Beebe, Philip Bromberg, Steven Cooper, Jody Messler Davies, Darlene Ehrenberg, Dianne Elise Glen, Gabbard, Adrienne Harris, Irwin Hoffman, Steven Knoblauch, Thomas Ogden, Spyros Orfanos, Stuart Pizer, Philip Ringstrom, Jill Salberg, Stephen Seligman, Joyce Slochower, Donnel Stern, Paul Wachtel The Dutch Grammar, Preceded by a Historical Sketch of the Origin and Progress of the Language of the Netherlands Embracing a List of the Most Celebrated Netherlands Writers from the Thirteenth to the Present Century; and Some Specimens of the Language of Each Century Within that Period, with a Literal English Version T.
