Verdun 1914 Christina Holstein, 2025-07-02 An expert led guide to early WWI battles around Verdun combining rich narrative battlefield tours and detailed mapping This is the eighth in Christina Holstein's masterly series of Battleground books on the Verdun area during the Great War following the usual method of narrative to set the scene accompanied by detailed tours Christina brings to bear her outstanding knowledge of the ground and her deep understanding of the military issues that faced both sides aided by her ability to read both French and German sources The six tours expanding and developing the narrative chapters and taking up over 70 per cent of the book are richly illustrated and the whole is notably well mapped The book focuses on the little known fighting in the Verdun area in the first weeks of the First World War and the German attempts to overcome that powerful entrenched camp without a frontal attack Beginning with the devastating Battle of the Frontiers on 22 August 1914 the author follows the French retreat to the Marne where their desperate resistance in the Revigny Gap and at Vaux Marie Farm prevented a breakthrough whilst Fort Troyon's refusal to surrender to punishing bombardment stopped a concurrent attack on the French rear In a second attempt two weeks later the Germans captured the important town of St Mihiel and established a bridgehead on the River Meuse but got no further Verdun remained in French hands Fighting stopped and there was little movement until the start of the Battle of Verdun Launched on 21 February 1916 to bring the war to an end it quickly bogged down and three hundred days later the French declared victory over the third and final German assault on Verdun

Acts Of War Richard Holmes, 1989-08-04 This wide ranging and exhaustively researched book is an attempt to grasp the very nature of war It takes us through the soldier's experience in its entirety from the humiliation of basic training and the intense comradeship of army life to the terror isolation and exhaustion of battle

Quarterly Review of Military Literature, 1940 **Review of Current Military Literature**, 1940

Military Review, 1940 **The Battle of the Frontiers: Ardennes 1914** Terence Zuber, 2009-12-07 Like the Battle of Verdun the Battle of the Frontiers has often been ignored by military historians who assumed that the French lost the first battles of the World War I because they launched suicidal bayonet charges against German machine guns Therefore for nearly a century these battles have been considered uninteresting In reality these were some of the most important hard fought and instructive battles of the First World War The Battle of the Frontiers is the first history of this battle in English and is based on ground breaking research conducted in French and German army archives It also makes use of neglected French and German books and articles as well as German regimental histories and includes personal accounts by participants such as Manfred von Richthofen when he was still a cavalry lieutenant and the young Erwin Rommel Terence Zuber here presents a dramatic new perspective on combat in 1914

History of the King's Regiment (Liverpool) 1914-1919 Volume I Everard Wyrall, 2012-09-03 Volume I of III This is an impressive history by the most prolific author of Great War divisional and regimental histories a fine tribute to a regiment that contributed 49 battalions to the nation's war effort 26 of them served overseas including the 2nd Battalion which was in India in August 1914 and remained there throughout the war It is also a tribute to the author who died in 1933 before he could finish the third volume the final few chapters were completed by Capt W Synge of the 1st Battalion All 23 front line battalions served on the Western Front one of them 14th in Salonika as well The Roll of Honour lists 14 200 dead six VCs were won one of them by an officer Capt O A Reid attached to another regiment and 58 Battle Honours were awarded This work is set out in chronological order each volume dealing with a specific period and ending with the Roll of Honour for that period and citations for any VC Dates are in the margin and so is the identification of the battalion involved in the action being described Volume 1 carries the story from mobilization to the end of 1915 by which time fourteen battalions had joined the Old Contemptibles of the 1st Battalion in the BEF and one of these had gone on to Salonika It has a very useful appendix listing every battalion and where it served and when As it may be imagined there is plenty of detail in a history so generous with space as this with its three volumes and the narrative is supported with clear maps

War Books Jean Norton Cru, 1976 **The Great Retreat, 1914: Two Accounts of the Battle & Retreat from Mons by the B. E. F.** George Stuart Gordon, Roger Ingpen, 2024-04-18 Includes The First World War On The Western Front 1914 1915 Illustrations Pack with 101 maps plans and photos Two views of the Great Retreat Imperial Germany had long planned the conflict that was to become the First World War but when the onslaught came there was little sign that the nations which would be embroiled were prepared for the storm Germany advanced in the east and west where French and Belgian armies were forced to retire by overwhelming odds The small British Army the B E F was rushed to the continent with most of its troops having less than a week between garrison life and the firing line Under Sir John French it was allocated the western end of the line and at Mons it inflicted far more casualties on the enemy than its numbers would suggest No army of its size however could stand against the German superiority in men at least five to one or artillery and machine guns An envelopment was inevitable and so a stubbornly fought retreat was ordered Near Le Cateau the British turned at bay and Smith Dorrien's determination to stand and fight undoubtedly saved the British Army from annihilation Many people imagine the First World War as a stalemate of mud wire and trenches but in the first six months it was a great European war fought in much the same way that Napoleon Wellington and Blucher had fought a century before Printed

With the Machine Gunners in France and Palestine John Hector Luxford,1923 This official history of the NZ Machine Gun Corps during the 1914-18 conflict deals briefly with the origins of the unit and the departure from Egypt for France of the main body for service there while a lesser number of troops remained for campaigning in Sinai and Palestine Part one deals in depth and detail with the Western Front with the second and smaller section covering the Middle East In both theatres the corps participated with distinction in most notable engagements The 12 pages of tight lines of fatalities the corps suffered during the war demonstrates eloquently that their successes only came at heavy cost [abebooks website](#)
