Cross-Examined Films Matthew King,2017-12-06 After spending nearly a quarter of a lifetime watching popular and independent films Matthew King RN makes a point to criticize the Christian church for its lack of engagement with films He believes that the lack of engagement and the strong denunciation of films only because of their sexual or violent content has lost an entire generation because of the inability to speak the millennial language of popular Hollywood films With searing prose and biting confrontation King attempts to engage films through the lens of theology philosophy and political analysis to assist the church in identifying positive as well as negative examples of the topics within to better engage an entire generation Through this investigation Christians and non Christians alike will be

both enlightened and surprised at what popular films have unconsciously taught them from a young age **Philadelphia's Black Mafia** S.P. Griffin, 2005-12-08 Philadelphia's Black Mafia could be used as primary reading in deviance and organized crime courses. Academicians in the fields of criminology, sociology, history, political science, and African American Studies will find the book compelling and important. This book provides the first sociological analysis to date of Philadelphia's infamous Black Mafia, which has organized crime with varying degrees of success in predominantly African American sections of the city dating back to the late 1960s. Philadelphia's Black Mafia is a first step in developing both data and sophisticated theoretical propositions germane to the ongoing study of organized crime. Uses primary source documents including confidential law enforcement files, court transcripts, and interviews to explore the group's activities in detail, depicting some of the most notorious crimes in Philadelphia's history. Thoroughly examines the organization of the Black Mafia and the group's alliances, conspiracies, and conflicts. Challenges many of the current historical and theoretical assumptions regarding organized crime.
